Military Slang and Terms

I work for veterans who are from all branches of the military and have served during several eras. They have nicknames and military terms that they use. Here is a short list with definitions.

Auto pilot: Without commander

Bag Drag: To inspect gear/personal bags for unauthorized equipment.

Big Voice: Term used to describe the loudspeaker on a military base.

Short Story

People have been coming to the wise man, complaining about the same problems every time. One day he told them a joke, and everyone roared in laughter. After a couple of minutes, he told them the same joke and only a few of them smiled. When he told the same joke for the third time no one laughed anymore. The wise man smiled and said: “You can’t laugh at the same joke over and over. So why are you always crying about the same problem?” <https://wealthygorilla.com/best-short-moral-stories/>

Home Remedies

We keep our hands busy by finding things to measure, mix, sand, weave, shred, sift, trace and cut. Hands also feed, dress, comfort, hold and build. Mixing natural ingredients and making our own products puts us in control of what we put in and on our body.

- ✓ Equal parts of hydrogen peroxide and baking soda mixture cleans and whitens nails.
- ✓ Epsom salts draw toxins from the body. Mix in a bit of eucalyptus for soaking achy muscles.
- ✓ Hydrate your skin and hair: Use olive oil, sesame oil, distilled water, jojoba oil and/or yogurt.
