Find your inspiration

THE MARK OF THE LEGEND

As the industry leader, Cambria combines only the purest natural quartz, unmatched American craftsmanship, family-owned values, and a steadfast dedication to quality to create exceptional quartz surfaces our customers can own with pride and confidence. Only when our surfaces are perfect will they display the Cambria medallion—our mark of absolute quality.

FAMILY OWNED
AMERICAN MADE

FLAWLESS performance

Cambria uses the purest natural quartz to create stunning designs with exceptional depth and clarity. Every surface is rigorously inspected at each stage to ensure the highest quality.

- ~ Superior durability for chip and scratch resistance
- ~ Nonabsorbent to keep spills from becoming stains
- ~ Maintenance free for easy-care cleanups with no sealing required
- ~ Transferable Full Lifetime Warranty

PEACE OF MIND for life

FULL LIFETIME
WARRANTY

Every Cambria quartz surface is proudly backed by a transferable Full Lifetime Warranty. This means that if the home is sold, the warranty transfers to the new owners. A warranty this strong can add to the value of your home. We also provide first-class service throughout the life of your countertops.

Should you need us, our Customer Care representatives in Eden Prairie, Minnesota, are available to help at 1-866-CAMBRIA (1-866-226-2742), or visit CambriaUSA.com.

HOW TO FIND YOUR PERFECT CAMBRIA DESIGN

Choosing the Cambria design that's right for you and your space is easy. Here are a few things to consider to help you find the ideal combination of color, style, and finish.

1

TONE

Decide if you want your Cambria to complement the existing tones in the room or create a dramatic contrast to the paint and cabinetry.

2

MOVEMENT

Determine if you prefer bold movement or a more subtle design. For a truly personalized effect, try combining a dramatic, show-stopping design with a more muted selection.

3

FINISH

Designs are available in high gloss or Cambria Matte™ finish to expand your design options and opportunities to beautifully enhance your space.

4

SAMPLES

We recommend you order samples of your designs and put them in place to see how they appear in different lighting throughout the day and evening. Order samples through your local Cambria dealer or visit CambriaUSA.com.

5

EDGE

To beautifully complement your Cambria, select one of Cambria's edge profiles to add even more personalized beauty to your surfaces.

Compare Cambria designs in a realistic 3-D kitchen. You can also see how your choices will look with different edge profiles and paint colors.

Cambria's design samples are small selections cut from a slab and do not fully show all design characteristics of a slab or the final installed product. Prior to purchase, view a larger representation of a design at CambriaUSA.com. Variations in natural quartz stone color, pattern, size, shape, and shade are unique and inherent characteristics of Cambria products. Certain designs include natural free-flowing quartz crystals that may result in surface deviations to the touch and appearance. Color blotches are intended to enhance the natural beauty of many of Cambria's designs. These variations and characteristics do not affect performance and do not qualify for product replacement. Cambria products are not seamless when installed; seams are visible and design pattern and shade will change at seams. Surface markings are more visible on monotone colors than multicolored surfaces. Cambria Matte™ finish will show surface markings caused during normal use, which are easily removed with an all-purpose cleaner such as concentrated Simple Green® cleaner. Cambria is durable and resistant to surface damage. However, all stone can be damaged by force, and no stone is chip- and scratch-proof. Objects hitting Cambria's surface, especially at edges near sinks or dishwashers, may chip the product. Sudden and/or rapid temperature change may damage the product. Direct or sustained heat transfer, for example from pots, pans, and other cooking units such as griddles, slow cookers, and heat lamps, may damage Cambria's surface. Therefore the use of a solid trivet is always recommended. Cambria is not a structural support material and must be supported in every application. To learn more about Cambria, please visit CambriaUSA.com.
