

NIXAMS
INTERNATIONAL LTD.

Constructing A Better Future...

Our Core Competence Area includes, but not limited to:

- Onshore and Offshore Constructions
- Offshore Manpower and Equipment Rentals
- Construction of Storage Tanks
- Manufacturing of DNV containers, Skids, baskets and services
- Prefabricated Steel Structure

ABOUT

NIXAMS INTERNATIONAL

NIXAMS International Limited is a Taleb family owned business with headquarters in Port Harcourt, Rivers State, Nigeria.

NIXAMS International Limited is an offshoot of Abmole Technical Construction Company which was incorporated in Nigeria in 1977. Abmole TCC made a big mark in the steel construction industry in Nigeria leaving in its trail a lot of masterpieces still standing today. These includes: Ugheli Glass Factory, Delta State, Nembe Creek Flow station. All these flow stations were built under Shell BP-Engineering 13.

Who we are

NIXAMS International is a leading construction company based in Port Harcourt, Rivers State, Nigeria.

Registered As A Limited Liability Company In Nigeria, Nixams International Has Imprinted Its Brand Essence Into The Hearts And Heads Of Major Players In The Nigerian Oil And Gas Industry By Handling Major Projects In The Areas Of Onshore And Offshore Constructions, Steel Fabrications And Offshore Personnel And Equipment Lease, Nixams International Limited Has Provided Standard, Specialization Bespoke Products To Both The Oil And Gas And The Industrial Sectors.

Over the Years, our projects are rendered with a high level of competence, professionalism and quality. These operational and organizational traits have helped us build credible and progressive relationships that have continued to put us in the forefront in our industry.

Building on our more than 50 years experience, we support the Oil and Gas industry by carrying out safe, reliable, cost effective and environmentally viable operation activities.

As competence, professionalism and quality are an organizational trait, all our business activities are geared towards achieving these feats for our clients

What we do

As an organization, we serve multinationals and individuals in the various areas of construction namely: Steel Fabrication, Civil Construction, Offshore and Onshore Construction, scaffolding, blasting and painting and leasing of personnel and equipment.

With our civil engineering and construction area, we are heavily involved in the building of all kinds of high-rise complex buildings for individuals, organizational and industrial use, road construction and other categories in civil engineering

With our Offshore and Onshore Steel Fabrication area, we are heavily involved in the fabrication of light and heavy steel structures for use in the Oil and Gas Industry. Core functions in this area are the construction of Storage Tanks, Pipeline Fabrication, Warehouses of all sizes and for all uses, Steel Bridges as we are partnered with Mabey Bridge- UK, Manufacturing of DVN-2.7-1 to 2.7-3, Lifting frames and containers. We are also involved in the manufacturing of Skids, baskets, cabins and others. Our Storage Tank services cover the major areas of Tank Design, Erection, Repair, Maintenance and Inspection.

It is noteworthy to recognize that NIXAMS International is the first DNV 2.7-1 Certified manufacturer in Nigeria. NIXAMS International is an ISO 9000. 1 2015 Quality System Compliant Company. We are also registered with Manufacturers Association of Nigeria - MAN and Nigerian Petroleum Exchange - NIPLEX

OUR CEO

International. A graduate of FIMA University. Nizar grew as a project manager in BemaR & Abmole Limited where he became grounded in Mechanical and Structural Engineering. He also became proficient in the fabrication of storage tanks, steel structural works and all kinds of pipework in general both in the onshore and offshore fields hence building very strong and reputable relations with many clients in the Oil and Gas Industry.

From there, he founded one of the best onshore and Offshore Steel Fabrication and Civil Construction Companies in Nigeria. Nizar is the first engineer who drew the roadmap for the DNV 2.7-1 Offshore Container approval in Nigeria.

Nizar is an experienced CEO with a demonstrated history of working in the construction industry. He is skilled in Negotiation, Budgeting, Operations management and Team Building

Outside the work environment, Nizar is a 3- time former Kickboxing Welter Weight World Champion and holds a Ph.D in Martial Arts Sciences from New Jersey University.

OUR PEOPLE

our people are fundamental to our work. We place a huge emphasis on the quality of people we hire and give them powers to create immense possibilities. We believe our employees must possess the right blend of passion, creativity and expertise needed for the job. This thinking has made us to build a team of amazing professionals with unique experience, exposure and love for construction and steel fabrications.

Our Areas of Specialization

- Steel Fabrication and Construction.
- Onshore & Offshore Construction.
- DNV Frames Designing and Manufacturing.
- Storage Tanks and Piping.
- Rig Maintenance Services.
- Construction of Mobile Portacabins
- Personnel & Equipment Leasing.
- Procurement & Logistics.
- Maintenance & Refurbishing.
- Sand/Wet Blasting & Painting.
- Scaffold Leasing and Installation.
- Civil Construction

What makes us different

As a business with a high regard for client's projects and satisfaction, we bring a high level of competence borne out of years of experience from idea conception to project execution and delivery. We strongly believe that quality can never be compromised. Thus, our projects are done with an organized standard of Competence, Experience And Quality.

ONSHORE AND OFFSHORE FABRICATIONS

NIXAMS INTERNATIONAL and its affiliates have continuously been involved in the development of the downstream sector of the Nigerian Oil and Gas industry since 1977 through the provision of excellent fabrication and construction services

At **NIXAMS** we ensure that we deliver world class services in an ethically acceptable manner with adherence to the highest safety standards and sensitivity to our environment. We are able to consistently achieve this in collaboration with our highly skilled and dedicated Nigerian workforce.

DNV/ BS EN ISO 10855-1 Frames Designing and Manufacturing

Through the years, Safety awareness have increased in the Oil and Gas Industry. Here Clients requirements have been limited by Classes: DNV, ABS, BV, LOYD'S REGISTER, BS EN ISO 10855-1.

With these Classes in the Industry, it has become a safer and more effective Working Environment.

DNV STANDARD

DNV Standard In the past 4 years, DNV Standard have become the highest requested standard in onshore and offshore facilities. Companies like Total, Exxon Mobil, and Shell are using European Drilling Companies because all European Equipments are of DNV Standard in the past and to date; companies had to import all their equipment from Europe for them to have what the market needs and that cost them a lot of money. Fortunately, NIXAMS happens to be the First Company in Nigeria to succeed during the past years to manufacture locally, DNV Standard Structures and have successfully executed many projects for highly respected clients.

DNV / BS EN ISO 10855-1 Frames Designing and Manufacturing

NIXAMS has pioneered the acceptance of these safety standards in every area in which it operates. We are committed to providing the highest standard of products and delivering the best possible service to clients. UFT happens to be the 1st DNV Manufacturer in Nigeria.

Some clients and due to the companies they work with and to match what is existing, have to manufacture other class standards like ABS, ISO 10855-1, BV and others. UFT has all the personnel and Experience for Such Requests and have succeeded in executing many.

STORAGE TANKS

With more than 37 Years of experience and technical Expertise, our Storage Tanks Division is one of the Leading Operators in the Field.

NIXAMS International covers all aspects of Storage Tanks Construction including:

- Tank Design, supply and construction
- Tank Erection and Commissioning
- Tank Inspection, repair and maintenance
- Budget Preparation
- Supply of Skilled Personnel
- Management of Sub-Contractors

STORAGE TANK DESIGN
AP1650,RS2654
FLOATING AND FIXED ROOF DESIGN
STRUCTURAL DESIGN

STORAGE TANKS

An impressive variety of solutions have been delivered by our Storage Tank Division throughout Nigeria, ever conscious of environmental and conversational issues. We have many solutions to offer clients who use Storage Tanks, large or small to minimize their loss of product.

RIG MAINTAINANCE

Our maintenance services are available under a variety of contract terms. They range from cover for small manufacturing plants, where the expertise of only one or two skilled personnel is required right through to major refinery complexes, which may require the skills of 60 or more personnel through out the year. Regardless of the size of the plant, we are committed to providing safe, high quality, dedicated services.

The Quality and Standard of Services we deliver to our Clients defines NIXAMS Int'l Ltd. as one of the Leading Firms in the Offshore Fabrication & Construction endeavors. NIXAMS Int'l Ltd. has been involved in some of the largest EPCIC Projects in Nigeria.

TURNAROUNDS

Employing our own labor, we are flexible in our approach offering assistance with mechanical plant overhauls and shutdowns on either a tailored or turnkey basis. We can either augment a client's existing team, providing additional expertise and resources, or assume complete responsibility for the unit or area in question.

BLASTING AND PAINTING

SAND/GRIT BLASTING

The fast, easy, reliable solution for surface prep and coating removal.

PAINTING

Nobody has the steel fabrication industry covered quite like NIXAMS Int'l Ltd. Products that has superior performance, products you can trust to last. Our steel fabrication Coatings incorporate our revolutionary technology to maximize productivity, to save you Time and Money. Many of our products meet environmental concerns, our renowned specification services ensure you get the durable coating solutions you need wherever you are.

COATING REMOVAL.

NIXAMS Int'l Limited specialises in blasting and applying Protective Coatings to ensure your product survives under tough conditions and without corrosion. We handle large object as well as small metal piece. Our metal corrosion control includes abrasive, blast cleaning methods, sand/Grits Blast customized to meet your requirements and standards. We offer a variety of protective coatings to suit your particular object, all taking into consideration the environmental precautions

HYDROBLASTING

Where Abrasive blasting is not possible, NIXAMS Int'l Ltd. has the alternative: Hydro Blasting; a technique for cleaning surfaces, which relies entirely on the energy of water striking a surface to achieve its cleaning effect. Abrasives are not used in hydro blasting systems. Consequently the problems caused by dust pollution and by the disposal of spent abrasives are eliminated.

Civil Construction

Building on more than 50 years experience, NIXAMS supports the oil and gas industry in safe, reliable, cost effective and environmentally friendly activities.

NIXAMS Int'l Ltd. offers a broad scope of industrial petrochemical, construction and commercial services and has constructed major projects such as site preparation, concrete foundations and paving, drainage construction, pond closures and structural steel improvements.

PRE FABRICATED BUILDINGS

Warehousing Manufacturing and erecting of pre-engineered steel buildings, custom designed, manufactured and installed with quality and precision. NIXAMS is an organization managed by a team of highly efficient, dynamic and progressive professionals with more than 50 years experience in the design and manufacturing of hundreds of pre-engineered steel buildings. Totally computerized for superior services where we draw on state of the art computer technology to provide you fast estimates, designs, drawings, efficient job tracking and scheduling.

PROCUREMENT AND LOGISTICS SERVICES

Our core strengths include but are not limited to; logistical management, handling financial processes and transactions by overseeing, processing, verifying statements and approving monthly cash and cheque payments. We can drive the performance of a team and exceed productivity goals at the same time while ensuring service excellence.

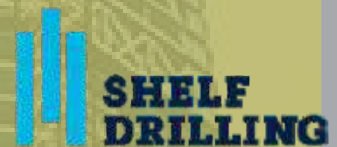

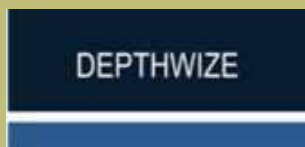

Our operations knowledge is extremely strong in customer services, new accounts, account management, accounts servicing and problem resolution. In addition, our goal is to convert enthusiasm, creativity and experience into a position where we grow in the operations field, utilize our knowledge and skills to add value to business. We are confident that our contribution to the industry will prove to be beneficial.

Our company has been in the business of supplying the construction and petroleum industry since 1977. Our expertise lies in the ability to locate, purchase and ship all the equipments, spare parts and supplies needed by our clients in a timely and cost-effective manner. Our principal purpose is to maintain our quality products at the best delivery time and price to satisfy the international and national company's needs. NIXAMS International Limited happens to be a representative of DEMAG-USA in Nigeria. We import and install as per client's demand. NIXAMS International is a sole representative and partner of MARBEY in Nigeria
