FROM OUR SENIOR MINISTER

Rev. Dr. Elizabeth Bingham

FAITHFULLY YOURS

Do you ever have thoughts that swirl in your head, stuff that worries you or annoys you or angers you? Have you ever lain awake at night not able to sleep because of everything that you didn't do that you should have done, or even the things you did that you shouldn't have done? I know I have...

It is called, I understand from psychology "Rumination." Rumination is what cows do, chewing something over and over again...for us chewing over things without ever coming to any peaceful understanding. There is hope however!

A friend pointed out the other day that in our lives of faith, our ruminations can be what St. Ignatius would have called "desolation." Desolation comes in those times and places in our lives which keep us from being close to God, being one with God, being swaddled by God.

What we seek then is "consolation," those moments of depth and calm when we understand God really is with us—not that God isn't always with us but we understand that God is close and near. For we have reconnected with the Holy Spirit, we have walked upon the path that Jesus set before us, we have once again touched our faith which is so much deeper and so much more powerful than all the annoyances and distractions and anxieties and worries which keep us awake at night and disrupt our hearts and minds in the day.

How does that happen? Perhaps as simply and quietly as going back to a time when God was close, when we felt so deeply God's love. Maybe then we begin by looking back to find that time, that place and hold on to it, cherish it.

Because wondrously, when we reconnect to God, when we welcome the Holy Spirit into our lives we are strong again. We can face the challenges, the problems, the difficulties with a clearer mind and a fuller heart and the strength and determination to live through even the most difficult consequences. Because we are not alone. The One who watches over us is with us.

And the words of Jesus to his disciples the night he was betrayed echo in our hearts:

Peace I leave with you; my peace I give to you;

not as the world gives, give I to you.

Let not your heart be troubled; neither let it be afraid.

*Love and blessings to all, **Beth***

GETTING TO KNOW YOU

Michele Marot

Rob Yurik

Born in Burbank and raised in Sherman Oaks, Rob grew up just around the corner from COTC. A few years ago he decided to visit. He enjoyed the service, the place, and the people, and he has been here ever since!

Rob works as a Universal Studios Hollywood Ambassador which explains his friendly booming voice! A real asset at our Golden West Fair last year, Rob served as an enthusiastic impromptu greeter and friendly announcer to different areas of the fair - no microphone required! He stays active at the church by attending as many of our gatherings as possible.

Rob's hobbies include watching movies, reading, and writing—Rob performed one of his original pieces at last summer's drama night called, "Fiddle Town" - very entertaining!

For fun, Rob likes to enjoy a day every now and then at Santa Anita! He also likes to take public transportation (bus, train) around town on Saturday mornings to explore local areas and treat himself to breakfast, often making excursions to the beach at Ventura to spend the day - a true adventurer!

If Rob could ask God one question it would be, "Why has my life's pattern taken a certain design?" This is a question most of us might ask as our actual life's pattern seldom meshes with what we had hoped for or expected.

But that is the beauty of our lives: Each life is different and unique, often straying from the norm. Yet God is with us all the time, and it was His intended design all along! See you around church, Rob!

## FROM OUR ASSOCIATE MINISTER

Rev. Curtis Peek

### GOD'S LOVE

For God so loved the world, that he gave his only begotten Son,  
that whosoever believeth in him should not perish,  
but have everlasting life. John 3:16

In this was manifested the love of God toward us,  
because God sent His only begotten Son into the world,  
that we might live through him. Herein is love, not that we loved God,  
but that He loved us, and sent his Son to be the propitiation for our sins.  
Beloved, if God so loved us, we ought also to love one another.  
No man hath seen God at any time. If we love one another,  
God dwelleth in us, and his love is perfected in us. 1 John 4:9-12

God desires to be experienced. He is living and active, but so few really experience the life and love He wants to bring. Today, after receiving his love, take some time to reflect on how differently you feel and act afterwards. See if you feel a stirring of desire for God and those around you.

The love of God will guide you, establish you, empower you, and fully delight you. His love will free you, compel you, and sustain you. His love for you is eternal, real and right now. All you need to do is simply open your heart to him and set aside a little time right now to receive his amazing gift of love.

You see, God intends for us to have his love for those around us. In loving God you receive his love for others. You care about the things the people you love care about. It is the same with God. But it all starts with simply being loved by him. There's no better time than right now, wherever you are, to receive the love of your heavenly Father.

*Believe it! Reverend Curtis Peek*

We are going to try to do Christmas in July with the Los Angeles Children's Bureau this year. If all works out well, we will consider working with them on the Christmas Families program.

## **JANE'S CORNER**

Jane G. Poole, CE Director

When we are born we have no preconceived notions about life. It's a blissful and simple existence. We eat, sleep, coo and accept the cuddles. On repeat for months. As the months progress we teach ourselves to crawl and eventually walk. In this time, we're taught to learn words: mama, dada, teetopher, and Em. Then the words start to flow, from being taught and by having books read to us.

When our kids were growing up, we'd work hard to teach them about how words work. Good words were complimented, and when a bad word slipped in, we would ask them to think about a better word to say about how they felt and what they were trying to convey. This encouraged thoughtfulness while teaching them on a basic level that words have power. That a word's power can and does have an effect on those around us.

The words we use represent who we are. They represent our morals, values and our talents. The words we use can dramatically affect the thoughts and feelings of those we live with, work with and worship with. Jesus' words resonate with all Christians. They have just as much power today as they did over two thousand years ago. His words and ours have an impact. The words we speak have a sense of life - they can provide encouragement, evoke emotions and set a tone for conversation.

Jesus' teachings ask us, as His followers, to use words that reflect thanks, kindness and respect. We are to use our words for good - lifting others up in praise and inspiring joy. As Christians, let's remember to treat others with loving words that are felt in our hearts and souls.

Blessings, Jane ...and please remember to spend quiet time with God!

### The Problem

**200 MILLION**

In the United States, at least 200 million pairs of shoes and sneakers end up in landfills each year.

**30-40 YEARS**

Shoes in landfills can take 30 to 40 years to decompose.

**CO<sub>2</sub>**

Harmful chemicals are emitted into the soil and air which pollutes our surroundings.

**600+ MILLION**

More than 600 million people worldwide don't even own a pair of shoes.

### The Solution

The environmental benefits of recycling and reusing sneakers are significant.

Since we started out on our mission, GotSneakers has:

**CO<sub>2</sub>**

Stopped 75 million pounds of CO2 from entering the atmosphere.

Recycled and reused 2.5 million pairs of shoes (and counting!).

## **THE BEAUTY OF OUR SANCTUARY**

Submitted by Joi Staves

The magnificent stained glass window at the front of the Sanctuary was donated by church members as a memorial to Dr Walter Staves. In front of it is a 17 foot tall silver cross, designed by silversmith Allan Adler. Fabricated from treasures contributed by the members, it was worked into a gleaming symbol, representing the faith of the congregation.

~~~~~

"I AM ALPHA AND OMEGA..." ~ Contributed by Stan Dong

The beautiful stain glass panels that bracket the Magnolia Doors contain the symbols alpha and omega, i.e., the first and last letters of the Greek alphabet. In physical and biological sciences, alpha is associated with names such as alpha rays, alpha particles or alpha dog; and omega is the unit of resistance in an electric circuit or the unit of circular frequency of natural vibration. For us Congregationalists, these Greek letters refer to the Book of Revelation (verses 1:8, 21.6 and 22.13). It relates to the phrase "I am Alpha and Omega," an appellation of Jesus meaning that He is the beginning and end of all things. Another way of saying this is that God is forever.

These stain glass panels were a gift from Fred and Anita Young, in loving memory of their one and only grandchild, Monique, who unfortunately perished very soon after her high school graduation in Vancouver, British Columbia in an auto accident.

Fred and Anita emigrated to the United States from Canada after his service in the Royal Canadian Armed Forces during WWII. This writer recalls the romantic story of their wedding at the historic Fairmont Banff Springs Hotel in Alberta. Fred came to Southern California and was in Real Estate most of his career. Anita was a teacher in LA Unified School District. At COTC they served with love and distinction on the Board of Deacons; the two were very devoted to the spiritual life of our church. Fred and Anita were also quite prominent at our annual Golden West Fair. They ran the garden booth. All year long, they would grow and nurture impatiens, vincas and red foliage perennials for the fair. Fred also acquired exotic items such as banana trees. Their booth was quite lucrative, grossing over 1000 dollars in many years. Many of us (elders!) enjoyed working in their booth because it was always under the majestic oak tree beside the pool, obviously for its shade during the two hot September days of the fair.

It was not too long after their gift that they decided to move back to Vancouver, BC (around the turn of the century) to be closer to their only son and daughter-in-law in their retirement.

The dedication to the stained glass window at the front of the Sanctuary will be presented in next month's edition of Chiming In.
