Producer and Artistic Leader. My work focuses on dismantling the anti-Blackness in the Latinx community through art and community engagement. My goal is to unite the Black Diaspora.

### Experience

#### **Producer, Latinidad is NOT a Monolith Call to Action — 2021**

Initiated idea to create a call to action to amplify the voices and faces of Black Latinx people. Gathered group of 4 artists to collaborate on writing the copy for PSA that was launched on Instagram and TikTok. Brought in 12 artists to then film themselves saying copy. Created list of Black led organizations and artists to follow that is a live link any one in the world can see. Videos garnered around 5K views over several platforms.

#### **Sharing Sessions Creator- Dominican Artists Collective — 2020-Present**

Creator, coordinator and facilitator of *Sharing Sessions*. A weekly zoom gathering open to all that is split into two programs. *Sharing Sessions* is a space where members of the Dominican Artists Collective can share new work virtually ( plays, screenplays, monologues, songs etc). *Sharing Sessions with Los Pros* is a virtual space where Dominican Artists Collective members get to know and ask questions to prominent figures in the entertainment industry. I book all guests for both programs. Past guests have included: Haskiri Velazquez; Jandiz Estrada Cardoso; Oz Rodriguez; Judy Reyes; Alan Luna; Mayte Natalio; Yasser Tejeda; Josy Rodriguez; Ramses Jimenez. In this position I also secured a ABC Casting Workshop for the collective in Spring 2022.

#### **Artistic Producer, Dominican Artists Collective DAC — 2020- Present**

I help run all the facets of DAC from facilitating meetings to producing events with collaborators from other companies. Daily administrative work and checking in with collective members to help facilitate how they can become better artists through introductions, readings or community feedback. Key producer for residencies and collaborations.
