

2019-20 JADE Academy Classes

Our Academy classes are designed to directly instruct dancers ages 6 to 18 through the use of guided curriculum and technique that increases in difficulty during the year. These classes are a great transition into our Graded Level Technique classes and offer our beginner or elementary students a chance to try a variety of styles within the same lesson time.

An emphasis on correct posture, a good warm-up and ultimately learning the technique for each subject in an engaging way is so important for the emerging dancer. Enrollment for the entire year brings lots of opportunities to learn choreography and to perform in public.
