

VENTURA PET WELLNESS & DOG TRAINING CENTER

Located at 3521 Arundell Circle #B Ventura CA 93003

We are excited for the state to reopen and we'll continue working hard to do our part in helping to keep our staff, pet parents and their furry companions safe, in accordance with California Department of Public Health (CDPH) guidance. Accordingly, we've made some modifications to our operations that we wanted to share with you.

Please take a moment to familiarize yourself with these changes:

Eliminating Queue Waiting Areas

- You no longer need to wait in line until the class instructor welcomes you in. However, we encourage you to continue maintaining a friendly social distance wherever possible.

Sanitation Station

- We no longer require that you use the sanitation station. We will still have the sanitation station by the front door that clients are welcome to use.

Masks

- Masks are no longer required in order to enter the building but you are welcome to wear one if preferred.

Other Protective Measures

- Ventura Pet Wellness & Dog Training Center will continue regular cleaning and sanitization practices.
- We will allow 2 students per dog in class unless otherwise noted. Handlers must be 14 years old to attend on their own without adult supervision. Handlers under 14 years in age must be accompanied by an adult.

Prefer to continue classes online from home? Keep reading!
