Wavefront

Wavefront is the link you've been missing. This Eurorack receiver connects your Wave Ring or other Bluetooth MIDI device to your advanced modular setup. The slightest tilt, pan, vibrato, roll, or tap of your hand will control your effects and shape your sound beyond what you thought possible.

★★★★★ 03 June 2021

That's pretty cool!

Wave for Work

I really liked the concept of this item because I was having to do so many conferences by Zoom, Meetings, GoToMeeting, etc. All the commands are different, and I tend...

Kent F.

★★★★★ 01 August 2021

Easy to use and save the time a lot

Wave

Really great!
I can use Wave intuitively!

Takuya I.

★★★★★ 30 August 2021

Positive feedback.

Wave

The ring works fine, although at the very beginning there were difficulties with connecting to a computer (windows and not the best PC). Your device works great and makes me...
