## Makes Every Video Content Buzz Worthy

AI auto-tracking. MYROBOZ keeps track of your every move. Wherever you go, MYROBOZ follows.

Just like your personal cameraman, but less creepy.

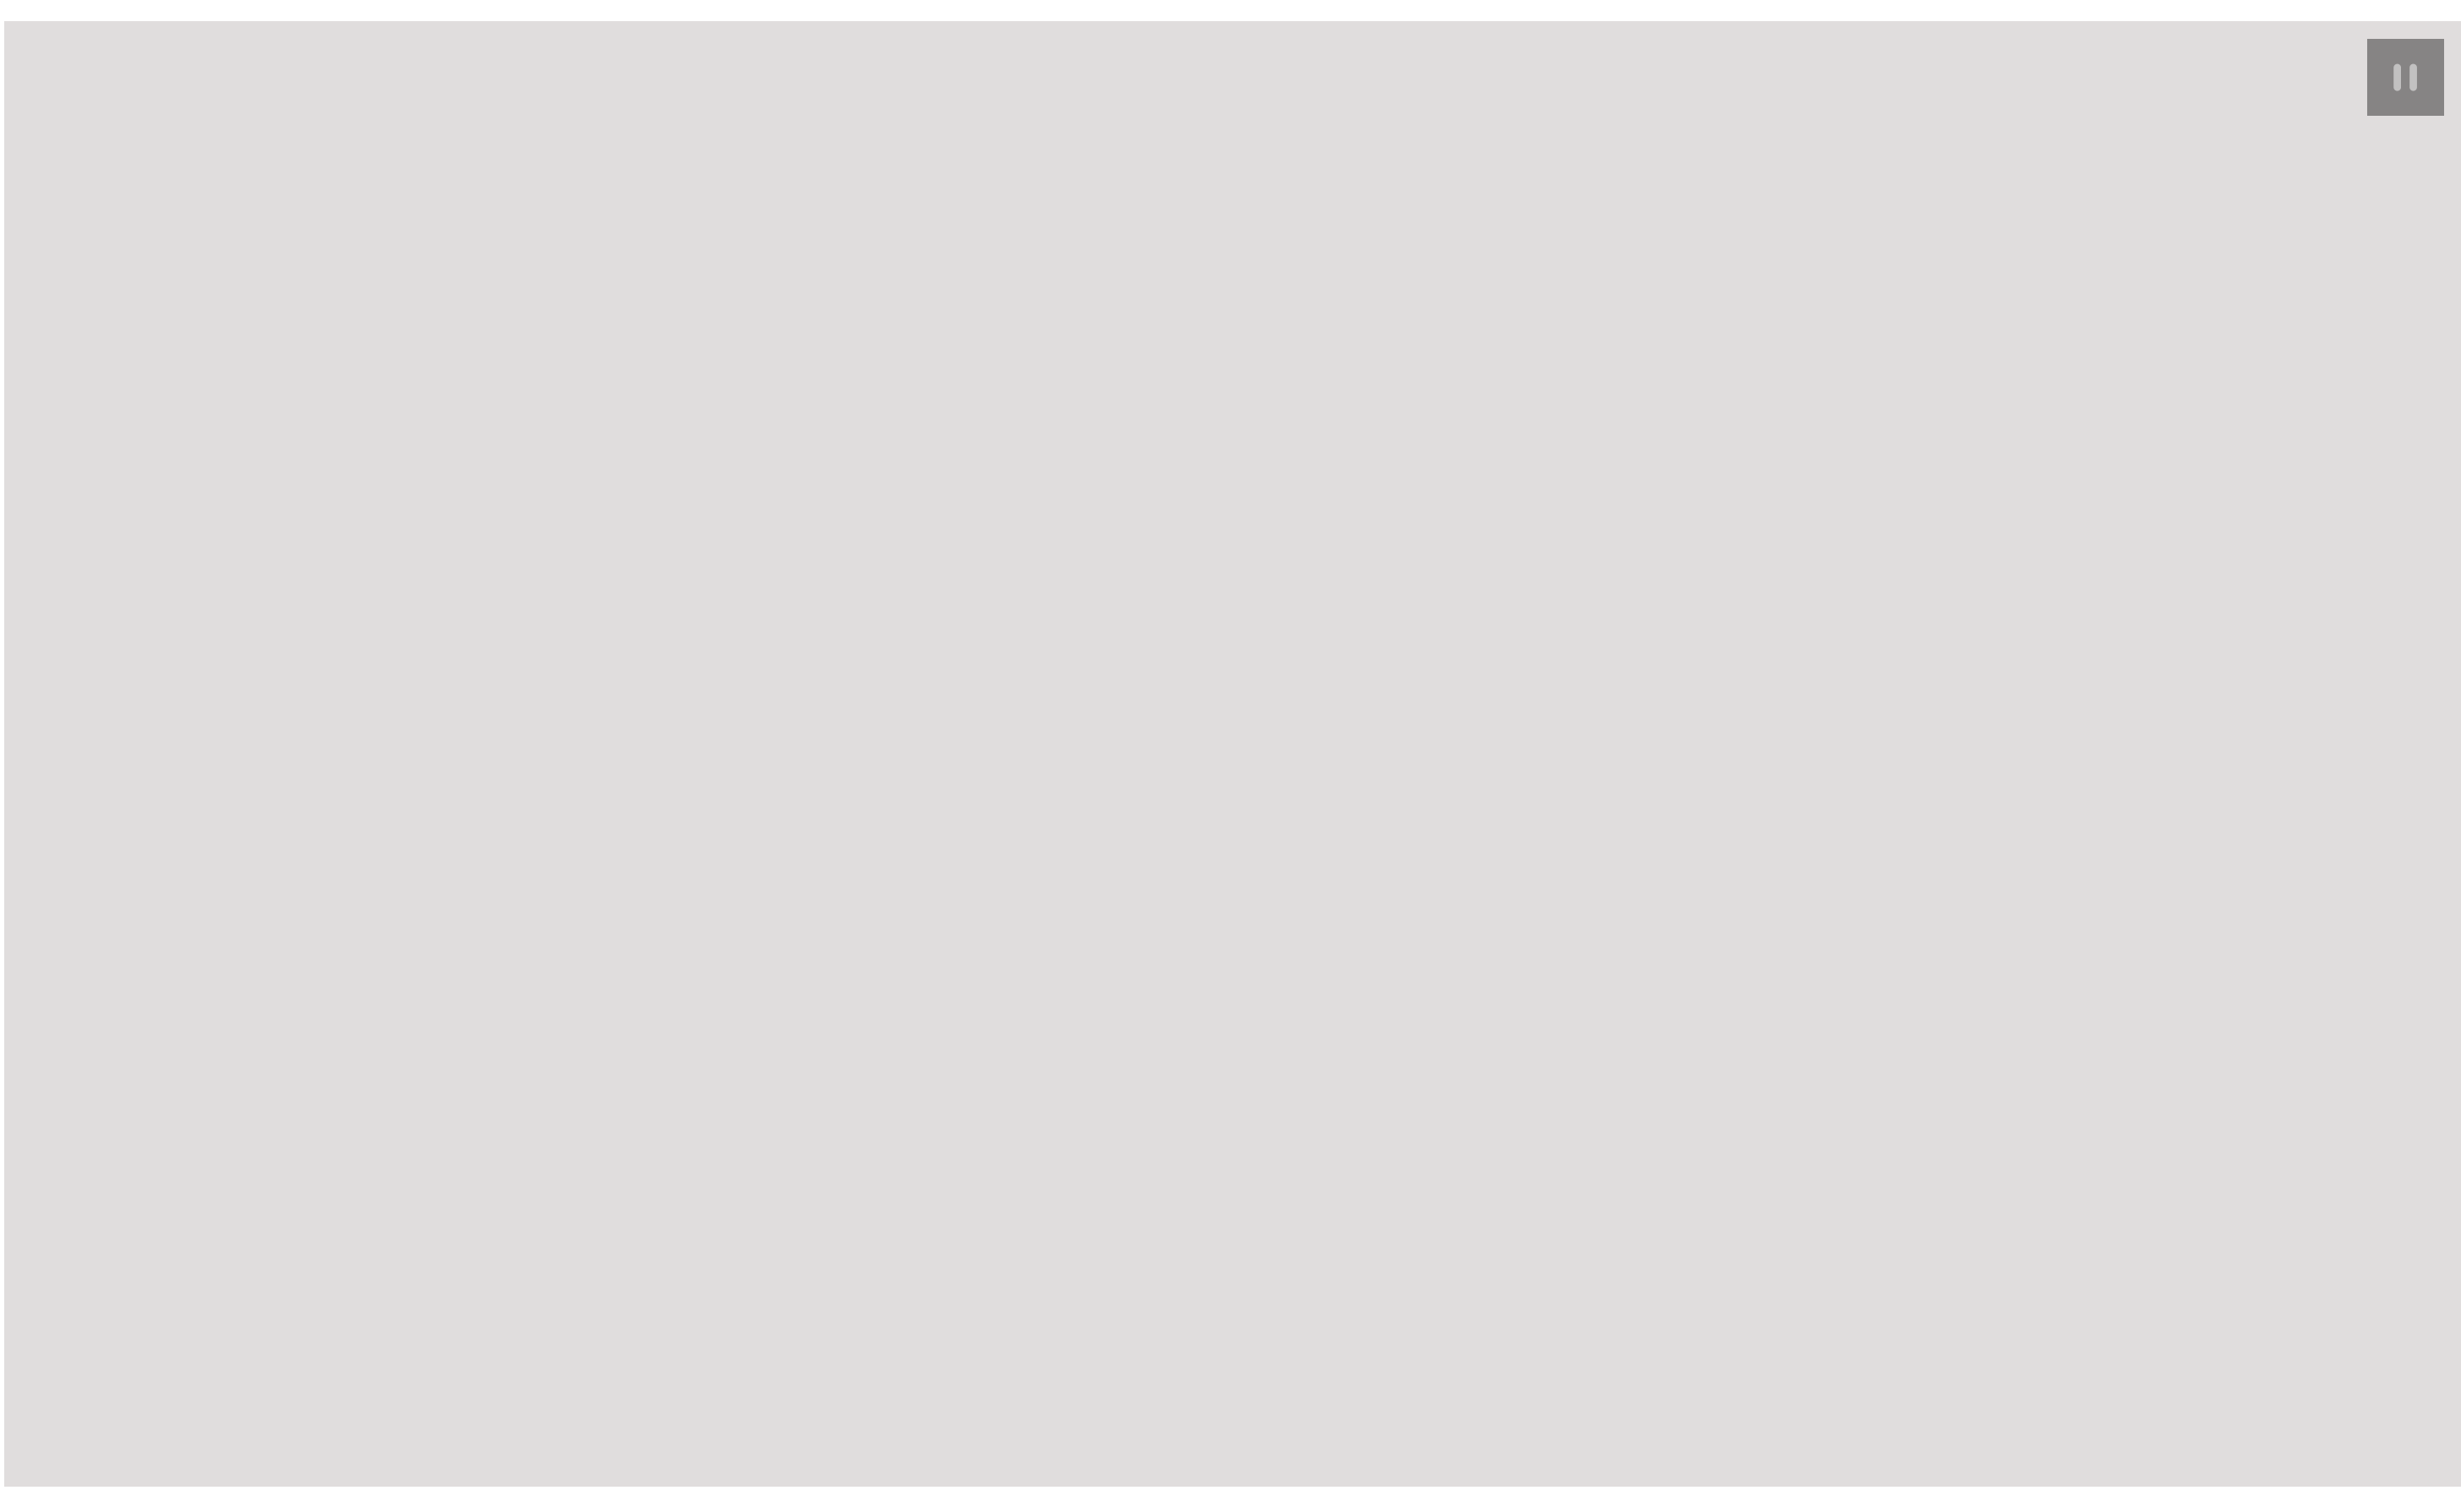

### Firm Grip & Tripod Compatible

Designed with stable support to stand firmly on any surface. You can use it for your remote work and professional meetings. It'll keep you in frame, at a wide-angle. And for more engaging activities, the MYROBOZ smart gimbal can be set up with an additional tripod to hold it a notch higher.
