## Product description

Take music creation beyond your computer with blackbox, a next-generation sampling studio with intuitive touchscreen control. Record hours of audio and loops from your synths, drum machines, and other tabletop studio devices. Arrange sequences using built-in synchronization and slicing, then structure your sequences to create complete songs. Perform your compositions live and trigger one-shot samples on the fly. Blackbox makes it easy to create music anywhere thanks to a compact and nearly indestructible design that fits in the palm of your hand. It's a complete music creation workflow at your fingertips.
