What is this Moon Projection Lamp?

There is a Lamp that is the Hero of all lamps and that Hero is the Moon Projection LED Lamp.

The LED Lamp projects a realistic moon image that can be adjusted to any size and position. It's perfect for a night light, especially for children.

The rotating projector projects the image of a full moon onto your ceiling and walls, so it looks like you have a window to the outside world in your room. This is an amazing gift idea for kids and adults alike!
