H. Other Agencies

1. FDOT Updates
Commissioner McDaniel commented on the State moving forward on the 4-lane of SR82. This development was not slated to be started until 2026; however, it is projected to be completed before 2026. He commented on his initiative to move forward and how the Commissioners stepped up and reprioritized the construction of projects like this.

Ms. Andrea Halman asked if anything will be done to have a 4-lane on Immokalee Road. She expressed that there is a lot of traffic on this road. A 4-lane will be done from Camp Keais Road straight down to Oil Well Road, which will then provide the community a 4-lane to Immokalee.

Commissioner McDaniel said there will be no 4-lane on Immokalee Road. However, there will be a 4-lane out of town from 1st Street down to Camp Keais Road. The intersection will be redone. He also provided information on the 4-lane for the old Immokalee Road up through the 846 Land Trust up to Immokalee Road where Bright shore is near Redhawk Lane, where a roundabout will also be located.

Mr. Mark Lemke asked if Oil Well Road, where there are 2 lanes currently, is set to be a 4-lane.

Commissioner McDaniel commented that there is set to be a 4-lane soon. It was previously skipped due to some environmental sensitivity. However, this project is coming soon.

Commissioner McDaniel commented on the need to make sure that systems are fixed in order for things to flow. Last year, the Board of Collier County Commissioners adjusted the new vision statement, mission statement, budget priorities, and business plan. Infrastructure was moved as a top priority which led to many bureaucrats and special interest group to expend on tax dollars in areas that aren't based on critical life sustaining infrastructure. A priority-based budgeting company is looking at the entire budget of Collier County and the Commissioners have effectuated another tax reduction for the County again this year. He further commented on the rate neutral budget and hopes that it's supported by all Collier County Commissioners, and it is passed.

2. Other Community Agencies

Core Health Partners, Paul Thien

Mr. Paul Thein introduced himself. He has been in Florida about a dozen years. He came to Florida to be the CEO of the Naples YMCA. Due to a fire that occurred at the YMCA, Mr. Thein was given the opportunity to meet a lot of giving philanthropists and raised about 14 million dollars to put the building together and open it with the help of the Collier County Commissioners. During that time, YMCA brought health services in like Healthcare Network into the building so that kids and community non-profits could work together as integrated as possible. Mr. Thein learned many medical regulations with the different types of healthcare structures and what they are able to do inside a non-profit organization. Mr. Thein left the YMCA and with the help of other philanthropists, they started a company called Core Health Partners. They went into a healthcare network infrastructure with Lee Health and developed a standalone company and brought Core Health Partners to the community. They signed a contract with Healthcare Network to work with their patients with chronic disease, specifically diabetes and child obesity. Core Health Partners worked with Commissioner McDaniel to look at the community and see how they could develop some roots. They were able to find a location in the community and are now in the Careersource SWFL building. They have 2 non-profits which is the Together Initiative and Core Health Partners. He commented that it's a pleasure to learn more about the community.

Code Enforcement, Cristina Perez

Ms. Cristina Perez announced that Code Enforcement is continuing their efforts to code issues out in Immokalee. They have started working in the evening. She recently went out to patrol Lake Trafford, where a couple of parking issues have occurred with people driving up to the boardwalk and parking in the pavement area. They are also monitoring people fishing and checking fishing licenses. They have also received a lot of cases with Habitat and said their cases occur in the after hours, she commented that with the new shift of evening hours, it will be beneficial in the long run to help others notify Code Enforcement.

Ms. Cristina Perez provided information on the Task Force Meeting.

Ms. Cristina Perez commented on the storage container located on 324 W. Main Street. They are set to go in front of the Code Enforcement Board on October 24, 2024. She commented that the owner, Mr. Mauricio Martinez, will most likely request for a waiver on the fines. Mr. Martinez will make a petition to the Board.

Ms. Andrea Halman commented that it would be good if the owner came back to the CRA Board with something that could actually be on this property. However, they moved in something that is not allowed and they did not move it for some time. She believed that should be fined.

Mr. Bernardo Barnhart commented and said that he knows the owner and said that the owner has the initiative and motive to improve this property. It will be a loss to the owner and all who work in the restaurant. He is opposed to having them receive a fine and said that the fine could be used to invest in the property and make it something valuable to the community. He commented on the effects of the fine for the owner who is from the community and the number of families who are employed and how they could be affected as well.

Ms. Andrea Halman asked if the owner has learned something from all this matter.

Mr. Bernardo Barnhart commented that they for sure learned a lesson but also reminded everyone that not all community members know the rules and regulations like those who attend the CRA or MSTU Meetings frequently.

Commissioner McDaniel said that some kind of an accountability penalty should be given for doing what they did, which the owner knew was illegal. They did that on purpose with measurables and milestone for the improvements that they intend to do. He commented that this is going through the process. This will first go the Code Enforcement Board and then it will go to the Board of Collier County Commissioners. Commissioner McDaniel said he will move this item up to the Board and try to come up with some kind of penalty for the legalities that transpired with cost associated with the regulation portion of it. As well as appropriations of an equivalency in investment back into the property.

Ms. Patricia "Anne" Goodnight commented that after all these years, the county rules are everywhere especially now in Immokalee and said that rules need to be followed.

She commented that the Owner may have thought that nothing will be done, however, Immokalee has changed. She agreed with Commissioner McDaniel and said that something must be done to let everybody know that staff and community members are serious about following the zoning rules. This is something very important to her and said it will help everybody to be treated the same way with matters like this.

Ms. Bernardo Barnhart commented on the machinery used to help remove the storage and the reasoning behind the owner taking some time to remove the storage container.

Ms. Andrea Halman agreed with Ms. Patricia Anne Goodnight and the need to let people know that there are rules out here in Immokalee. She commented that punishment cannot be very easy and light, however, it should not be too harsh. There should be a balance.

Ms. Christie Betancourt commented that a request was made for the owner and engineer to come back and present the design of the restaurant he is looking to put on the property of 324 W Main Street. Staff will follow up with them to see if they are ready to present to the board for recommendations and support for the project.

Mr. Mark Lemke commented on the process and said that the owner was not fined immediately. There was a process done and the code enforcement board and staff informed the owner that he needed to move the container. Mr. Lemke understands that it might have taken some time to remove the container, however, a penalty should be given. He is not opposed to having the penalty amount be reinvested into the property. However, money should not be given back due to the noncompliance of the owner within the timeframe given by the Code Enforcement Board.

Ms. Cristina Perez provided information on the fines imposed and said that the Code Enforcement Board imposes the fine, Code Enforcement make a statement on the recommendation as to what needs to be done to come into compliance. A Resolution was approved by the Board of Collier County Commissioners that the fines is based on the percentage of the taxable value of the property.

Ms. Perez provided a brief timeline on the progress done since the violation started for the owner of the storage container located on 324 W Main Street.

Ms. Lupita Vazquez Reyes asked Commissioner McDaniel if a resolution or process is needed to ensure that it's possible to reinvest the penalty amount.

Commissioner McDaniel commented that it's possible and it's a written settlement. In position for the penalty for doing the bad thing in the first place and then the measurable and milestone within having the person go through a process.

Ms. Andrea Halman complimented the Code Enforcement Board decision to fine the owner \$600 a day. It got the owner to move the storage container.

Commissioner McDaniel commented that matters like this become a detriment to the community members that are trying to follow the rules and conduct businesses themselves.

Ms. Lupita Vazquez Reyes asked if the imposition of fines go to Immokalee.

Commissioner McDaniel commented that it goes to Code Enforcement.

Collier County Sheriff's office, Lt. Paul Cabral

Lt. Paul Cabral asked if there are any plans for 4-lanes on SR82 and Corkscrew. He commented that there are problems with traffic in this area.

Commissioner McDaniel commented on the intersection improvements that are coming along for the 4-lane of SR82. There is currently no improvements for a 4-lane on Corkscrew itself. Commissioner McDaniel asked that Staff check with FDOT about the intersection and get a copy of the improvements that will be done.

Ms. Christie Betancourt commented that she was not aware of traffic light but there was discussion of having a right turn lane extension from Corkscrew Rd to turn into SR82.

Lt. Paul Cabral provided brief information on the traffic that occurs and how people have made their own lane to turn into Immokalee and Hendry County. Commissioner McDaniel commented that a copy will be sent to Lt. Cabral and if the Sherrifs office has any suggestions, Staff could provide those comments to FDOT.

Ms. Patricia "Anne" Goodnight and Ms. Cristina Perez commented on the heavy traffic on Corkscrew Rd. Lt. Cabral commented that is progressively getting worse.

Ms. Lupita Vazquez Reyes asked if there are any temporary improvements. She asked if the speed limits could be dropped or if a speed bump could be put in place.

Lt. Paul Cabral agreed that a couple of speed limits on corkscrew road and SR 82 are not the best.

Ms. Christie Betancourt thanked the Sherrif for bringing this matter to the attention of all present. She briefly commented that Lt. Paul Cabral team provided a list of some of the private roads they want to see improved. Ms. Betancourt thanked the Sherrifs office and said it makes a difference and appreciates the partnership they have.

Commissioner McDaniel commented on the MSTU Private Roads for the whole County and said it will be brought back in November or December.

Mr. Mark Lemke asked on the opt-out Process.

Commissioner McDaniel commented that the property owner must apply for it. The property owner must agree to a minimum standard of care for their road and be equivalent as to what the County is doing and have a road that is traversable by an ambulance. Discussion was made on what occurs if one person opt-out and the standards of the County.

Discussion was made on the problems that arose on this matter. Commissioner McDaniel commented that its not legal for the government to bring public assets onto private property without a declaration of emergency. He commented on the process that has been done grading the 110 miles and the plan to play back the amount to fix these roads.

Ms. Lupita Vazquez Reyes commented on the Little League Road and how bad the conditions are.

Staff asked both CRA and MSTU Boards on their thoughts on whether they would like to consolidate the boards. Ms. Christie Betancourt commented on the last consolidated board, the Enterprise Zone Development Advisory Board. She briefly commented on what can be done if both boards agreed to consolidate. Staff would keep the number to 13 board members, and then as a board members term end, they would keep it to 9 board members so that it is manageable. The majority is still a quorum. She commented on the number of board members to have a quorum for each board and said that a couple of board members are ready to step aside if new applicants are interested. This would be a great opportunity to merge the boards and meet once a month. The funds will be separate.

Ms. Andrea Halman asked on the Enterprise Zone Development Advisory Board. Mr. Bernardo Barnhart commented and said it would be a great idea to merge the boards.

Ms. Patricia “Anne” Goodnight commented on her concern with having the requisite being the applicant must live in Collier County however it would be best that the applicant be a resident who lives in the Immokalee area or have a business or do businesses in Immokalee, that way people who know Immokalee and work in the area are making decisions and providing comments. It would be in everybody’s interest to consolidate all the boards together.

Mr. Mark Lemke asked if the applicant must live in Collier County for both boards currently.

Ms. Christie Betancourt commented that staff have requested waivers, she commented on the current applicant who staff will request a waiver for since he does not live in Collier County but does represent a business and a non-profit in Immokalee.

1. **Immokalee Area Master Plan (IAMP) Restudy**

(PL201880002258) Approved by BCC for final adoption on 12/10/2019.

2. **Immokalee Area Overlay District LDC Update**

County staff discussed IAMP Policies 6.1.3 (Downtown Pedestrian Amenities) and 3.1.4 (Central Business District) at the CRA meeting on March 17, 2021. The first Land Development Code (LDC) workshop followed on May 19, 2021. On June 16, 2022, the county held a kick-off meeting with The Neighborhood Company (TNC), the project's consultant, followed by a site visit on August 12, 2022. Over the next several months, TNC provided updates, including a February 2023 CRA Advisory Board presentation and a June 2023 joint CRA & MSTU meeting.

In September 2023, TNC submitted a "White Paper" on the Immokalee Land Development Code, followed by workshops and updates in early 2024. By May 2024, TNC presented draft language to the CRA Board and submitted revisions to the county. The Development Services Advisory Committee (DSAC) reviewed the project in July and September 2024.

On September 24, 2024, TNC informed staff that DSAC approved the proposed LDC amendments on September 4. However, concerns arose about implementing architectural design standards on Main Street due to Senate Bill 250, which bans restrictive development requirements until October 2026. TNC is considering omitting these regulations for now. Additionally, the Loop Road Overlay is under review for potential conflicts with existing zoning rules. While the amendments are progressing, these issues may cause delays in the overall timeline.

On October 31, 2024, TNC met with CRA staff and county staff to review county attorney comments. Both issues of concern will be tabled until Senate Bill 250 expires, and the Loop Road is completed. TNC staff will revise the LDC amendments and proceed with the adoption process.
