

## 4 INSTRUCTIONAL PACKAGES

### PERSONLIZED INSTRUCTION FOR 1 OR 2 PEOPLE

Personalized instruction requires the instructor to analyze each student's entry level for vocabulary, grammar, pronunciation, use of idioms, and listening ability. After this analysis is made, a path to fluency is drawn up and submitted to the student so that both know the course of action that will follow.

Because of this necessary analysis, an additional \$75.00 enrollment fee is assessed before a student begins a course.
