

November 18, 2021

Barbara Duncan was my mother's primary caregiver from September 2019 - July 2021. Coille is a non verbal late stage Alzheimer's patient. As we were intending for her to live the remainder of her life at home, we hired full time care.

Barbara is a dedicated and responsible caregiver, able to connect with a patient on a very personal and comfortable level. Not only does she apply herself and offer her knowledge and suggestions to each scenario, she brings a value of reassurance that I very much appreciated.

Barbara is capable of taking charge in stressful situations without blinking an eye, and to offer the biggest hug in times of need. She exudes a natural ability to care for people and was able to develop a deep connection with my mother.

She is extremely dependable and responsible, very organized and helped us manage a caregiver crew of 5. I highly recommend her for employment and believe her to be a valuable asset to any team.

Sincerely,

Molly Hooven
