

Snow Removal Plan

At 5:00a.m. a decision will be made whether to have school or a 2-hour delay. Staff will be informed by an emergency call from the phone tree. Radio stations and news stations will be notified as well as Board members

Snow Plow Operator

- Clear bus garage area
- Clear from bus garage to road
- Clear east entrance and west entrance
- Clear parking lot from northeast to southwest
- Clear west rear area by kitchen
- Clear driveway to Superintendent's house and clear around garden shed and gas pump
- Keep monitoring and remove as necessary

ATV Operator

- Clear in front of main, staff door and handicap parking
- Push snow to parking lot for plow to remove
- Apply sand/cinder to cleared area
- Clear between buildings east side of school, place sand/cinder on concrete
- Clear west rear area by kitchen to dumpster, apply ice melt in plowed areas
- Continue clearing all walkways and exits around the school
- Apply sand/cinder to concrete area and ice melt to asphalt area

Staff

- Upon arrival, please park in areas already cleared by plow

Snow During School Hours

- Maintenance staff will monitor snow accumulation
- Keep walkways shoveled and sanded
- If conditions progressively get worse a decision will be made whether to shelter in place or dismiss school early
