

CALLAWAY COUNTY SEWER DISTRICT (District)  
RATE SCHEDULE "A"

DATE TO BE EFFECTIVE:

AVAILABILITY

Sewer service is available to any customer located within any of the District's service areas where centralized sewage collection and treatment are provided by conventional gravity flow sewer mains and treatment facilities constructed and operated to serve a subdivision or individual area.

CHARACTER OF SERVICE

The District will maintain and service all the collector mains and treatment facilities that have been dedicated to the District. The customer is responsible for the service lateral from the home or business to the main, including the point of connection (tap) with the main.

MONTHLY RATE

The monthly billing will be \$\_\_\_\_\_ base service fee plus \$\_\_\_\_\_ per 1000 gallons of water used as determined by an average of the water used during the months of January, February and March.

BILLING

Bill will be rendered to customers on a monthly basis in advance. Bills are based on water consumption and shall be computed from the number of gallons used on water meter readings as obtained from the water providers. Water usage figures will be reviewed annually.

New customers beginning service will be billed the average bill throughout the District. Upon customer request and after receipt of water usage from the customer's water provider, new customers may have charges figured on first three full months of actual water usage.

In the event water usage is not available or cannot be obtained, the customer will be billed the average bill throughout the District.

Any account remaining unpaid one (1) day after the due date shall be considered delinquent and subject to an eight dollar (\$8.00) or two percent (2%) penalty charge, whichever is greater.

**Any account remaining unpaid after three (3) months may be subject to disconnection of water service.**

**Accounts remaining unpaid after four (4) months shall be subject to Section 204.455 RSMo relating to liens being placed upon the property where services were provided.**
