

16th June 2025

Dear Valued Customers

Fees & Charges effective 1st July 2025

We write to advise you that some fees are changing at Wai Splash on the 1st of July.

The fees are consistent with our strategy of maintaining the rising cost of services at a level within our community. We have again done this while continuing to invest in the quality of our service and products.

The increase in our fees and charges will allow us to continue to provide our services and keep in line with government requirements. Over the past year we have sought considerable amount of funds from agencies to help with improvements and ongoing costs. We are not a Council run facility and rely on council grant, funding streams, swim lessons and patronage fees & charges to maintain overall operations. Details are available at Wai Splash, on the Website and Facebook for our new fees & charges rates.

Therefore on the 1st of July we are increasing the below charges.

We have not increased the regular swim entry fee/concessions for swimming. We believe Wai Splash offer good value for money. This is particularly true when fees are compared against other peer swimming complexes. In addition, our increase is relatively low when you consider that Wai Splash team work tirelessly to keep our fees low in general.

We've also made the decision to decrease the purchase price of our Automatic payment membership options with the goal of making health & wellness more accessible to our community in the long-term. By offering more affordable Memberships we hope to encourage more people to take advantage of our facility offerings, fostering a healthier more active community. This change supports our commitment to promoting long-term wellbeing.
