CONCEALED CARRY WORKWEAR

BERNE®

CONCEALED CARRY WORKWEAR

Robert G. Vogel - World Champion Marksman

Ambidextrous Design

All of Berne's Concealed Carry Workwear items are designed for right and left-handed users. The off-hand pocket can be used for additional storage of magazines, pepper spray, flashlights, or any other necessary equipment.

Versatility

Security of your firearm is the primary responsibility of a legal and responsible user. For that reason, the Adder System™ is designed with a velcro and elastic MOLLE retainment system designed to accept most holsters or accessories on the market.

Concealment

The exterior cargo pocket covering the concealed carry storage area is designed to look and function just like a standard pocket.

Inside Pocket Storage

Just in case you are in need of additional storage, our inside chest pockets feature the same elastic MOLLE system used in the exterior of the garment.
