MULTI-BAND CHANGE IT AS THE WIND BLOWS

Wear it as a face mask, headband, neck gaiter, dew rag and more—adaptability is woven into the very fabric of every Chill-Its® Multi-Band. Made of soft, stretchable, machine-washable material for comfortable, breathable protection against sun, dust, debris, droplets and more. Thread for thread, it may be the hardest working member of the entire line of Tenacious Work Gear®.

FEATURES

- BLOCKS WIND, SUN & DUST – Ultimate protection from the elements
- COMFORTABLE FACE COVERAGE – In line with current CDC recommendations regarding cloth face covers in public settings*
- MACHINE WASHABLE – For clean re-use
- MULTIPLE WAYS TO WEAR – Wide variety of style and usage configurations
- LOW-PROFILE – Can be worn by itself or under a hard hat
- MOISTURE-WICKING – When dry, will absorb sweat & wick moisture away
- ANTI-MICROBIAL TREATMENT – Reduces odors caused by sweat

*The CDC (Centers for Disease Control) has advised the use of simple cloth face coverings to slow the spread of coronavirus as a voluntary public health measure. While Chill-Its® Multi-Bands comply with CDC recommendations for cloth face covers (such as: snug fit around face, unrestricted breathing, machine washable), they are not a replacement for surgical masks or N95 respirators.

FIND OUT MORE ABOUT THE TECHNOLOGY THAT GOES INTO THE
FULL LINE OF ERGODYNE COOLING PRODUCTS AT: ERGODYNE.COM

DRY EVAPORATIVE TECHNOLOGY EXPLAINED...

HOW DOES THE DRY EVAPORATIVE TECHNOLOGY WORK?

1. Activate vest
 - Fill vest with water and distribute water evenly
2. Inner dry tech membrane does its thing
 - Technology gradually releases water through evaporation from the inside out—keeping you, cool, comfortable and most importantly, dry

HOW COOL WILL IT GET?

- Will cool up to 15°F (10°C) below ambient air temp
- *Note: high levels of humidity (60-80%) can affect cooling ability

HOW MUCH WATER IS NEEDED?

- Vest: 16 – 20 oz depending on size (400-600ml)
- *Note: more water ≠ better cooling, DON'T OVERFILL

HOW LONG DOES THE COOLING EFFECT LAST?

- Up to 3 days depending on environment

HOW TIGHT SHOULD THE VEST FIT?

- As close to the skin as possible – the closer it is, the more cooling you feel
- Recommend wearing over a lightweight t-shirt

CAN THE VEST BE WORN UNDER OTHER GARMENTS?

- The vest needs airflow to breathe so a mesh vest is fine, but heavier layers are not recommended

DO I NEED TO CLEAN THE INNER MEMBRANE?

- NO! Leave it be. It has an anti-microbial treatment that will keep itself clean and free from any bacteria or fungal growth

CAN I WASH THE PRODUCT?

- You sure can, but keep that cap CLOSED

6685

DRY EVAPORATIVE COOLING VEST

- Provides immediate and long-lasting cooling
- Up to 3 days of dry cooling
- Activate with 13-20oz (400-600ml) of water
- Lightweight, durable and machine washable
- Easy to use, watertight filling cap
