LOCAL MANUFACTURING

Our founder Ralph Newman started **Newstripe** in 1981 in his Denver, Colorado garage. His first products were simple, inexpensive line striping machines that filled a customer need for a better product.

From that humble beginning 40+ years ago, Newstripe has grown into a comprehensive product design and development company that manufactures more than 50 high-quality machines and over 450 stock stencil designs.

And yes, we still make all of our products locally in our Aurora, Colorado factory and we proudly label them **Made in the USA**.

4250 Airless™ Striping Machine

Item# 10003947

- Newstripe's most economical high pressure airless line striper for parking lots & athletic fields.
- Stripes professional quality lines (2" to 6" wide) using water-based or oil/solvent-based paint.
- Lightweight design makes it easy to push across both smooth pavement or uneven athletic fields.
- Built with proven airless technology that is both dependable and easy to use.
- Dual position spray gun mount (8" in front of wheel or front of wheel aligned) for added versatility.
- Detachable spray gun with 25 ft extension hose for painting stencils and hard to reach areas.

4400 Airless™ Striping Machine

Item# 10003566

- This high pressure airless line striping machine gives you big league performance in a compact and easy to use design.
- Use it to stripe perfectly straight lines (2" to 6" wide) on pavement and parking lots without pushing a bulky machine.
- Fully adjustable 0-3000 psi (0.44 gpm) pump lets you spray consistent lines without wasting paint.
- Reliable Briggs & Stratton 550XR engine with optional Honda GX120 engine upgrade.
- Quickly remove the detachable spray gun to paint stencils and hard to reach areas.

4600 SP Airless™ Self-Propelled Striping Machine

Item# 10003031

- Precision and efficiency in a high quality, self-propelled, walk behind line striper.
- Achieve bright lines effortlessly with the fully adjustable 0.44 gpm, 3000 psi spray pump.
- Durable Briggs & Stratton 550XR engine with optional Honda GX120 engine upgrade.
- Four wheel design and 10" pneumatic tires ensure greater stability and straighter lines over uneven surfaces.
- Optional cleaning tank for easy cleanup and optional rear flip down swivel caster attachment for easy circles & arcs.

Airless Striping Accessories

Rear Flip Down Swivel Caster

Item# 10001231

With this handy accessory, you can create perfect circles and arcs. It easily lowers when needed to paint curves, then locks in the upright position for painting straight lines.

Optional 1-Gallon Cleaning Tank

Left Side Mount

Item# 10004831

Right Side Mount

Item# 10004832

Attach our add-on cleaning tanks to your airless striper and you can clean your spray gun and hoses out in the field. Tanks can also be used for a secondary paint color.

5-Gallon Reusable Paint Strainer 5 Pack

Item# 10003569

Perfect for removing debris and sediment from your line striping paint to ensure a more consistent paint application. They fit snugly in a standard 5-gallon bucket to prevent spilling.

RollMaster™ 1000 Line Painting Machine

Item# 10003856

- Budget-friendly line striper is perfect for parking lots, warehouses and factories.
- Mechanically-driven peristaltic pump does not touch paint for quick, no-hassle clean up.
- Lightweight (only 30 lbs) with foldable handle makes it easy to transport and store.
- You can quickly stripe up to 400 line feet with a single gallon of water-based paint.
- Includes 4" Roller Kit with 3 rollers.
- 3" and 2" Roller Kits are sold separately.

RollMaster™ 5000 Battery Powered Line Painter

Item# 10003068

- Innovative high-capacity line striper for larger parking lots, warehouses and factories.
- Low pressure, battery powered peristaltic pump sends paint directly from standard 5-gallon paint pail directly to the roller.
- Built-in battery charger allows 24 hours of striping per charge (battery not included).
- You can quickly stripe up to 2,000 line feet with a 5-gallon pail of water-based paint.
- Includes 4" Roller Kit with 3 rollers.
- 3" and 2" Roller Kits are sold separately.

RollMaster Roller Kits & Accessories

RollMaster Roller Kits include: (3) roller covers, (6) concrete discs, (6) asphalt discs, and (1) paint hose cut for your RollMaster model.

RollMaster 1000 Hoses	10002496
RollMaster 5000 Hoses	10003661

RollMaster 1000 Left Side Extension Kit

Provides added flexibility by extending the roller out to the left side of the machine for improved visibility and striping lines closer to walls, curbs & vehicles.

Item# 10004461

Our Stencils Are A Cut Above

Newstripe's PolyTough™ Traffic, Parking Lot and Custom Stencils are in a league by themselves. They are cut from a proprietary formulated plastic blend that delivers the perfect balance of durability, flexibility and performance. Here's what makes them unique in the market.

- **Lifetime Warranty**

We stand behind all of our 1/8" PolyTough Stencils and each stencil comes with a Lifetime Warranty.

- **Proprietary Plastic Formula**

Newstripe worked closely with our plastic manufacturer to develop a proprietary plastic formula that delivers the perfect combination of durability, flexibility and performance. We call it "PolyTough Plastic."

- **Precision Cut**

Our high-speed CNC Router Table is computer driven and leverages CADD design technology to cut our stencils down to 1/1000th of an inch. This ensures precision dimensions and crisp, clean lines.

- **Proudly Made in the USA**

Every one of our PolyTough Stencils is proudly cut in the USA at our Aurora, Colorado factory.

Stencil Trac Rails

Newstripe's **Stencil Trac Rails** are designed to hold individual letter & number stencils in place. They are great for marking names or numbers on reserved parking spaces and you can easily switch out one letter or number for another as you work.

Includes 2 double-sided locking channel rails (48" W) and 2 plastic overspray panels (48" W x 4" H). Letter and number stencils are sold separately.
