

A collection of office supplies is arranged on a light-colored surface. In the top left corner, several pens in yellow, pink, orange, blue, and green are visible. Below them, on the left, is a white coffee cup with a brown floral pattern. In the center is a black computer mouse. To the right of the mouse is a blue Sharpie marker. Further right is a large, light-orange folder. The title 'ESSENTIALS FOR THE WORKPLACE' is written in large, bold, green capital letters, slanted upwards from left to right, across the top half of the image.

Helpful Symbols

Meets or exceeds ANSI/BIFMA standards for safety and durability

Assembly required

Because there is no universally accepted standard to designate products as environmentally preferable, we have adopted the green leaf symbol to highlight products that have one or more of the following attributes: reduced VOCs, compostable, biodegradable, contains recycled content, or other environmental attributes that make this product¹ less harmful to the environment or humans, when compared to its traditional counterparts. Many of the products marked with the green leaf symbol have been endorsed by third-party certifying organizations, and where applicable, the certifying body's logo appears next to the product's name. Please note that we have not independently verified the environmental attributes.

¹These environmental attributes refer to the products themselves and to the processes for manufacturing and transporting the products.

Products made with at least 10% total recycled content

Products that meet the U.S. EPA/CPG standards for post-consumer recycled content

A Durable View Binder with DuraHinge® and Slant Rings Durable construction is ideal for frequent referencing. Tear-resistant DuraHinge® design is stronger and lasts longer. DuraEdge® feature makes the sides and top more pliable, providing greater split resistance. Deeply textured film offers a smoother finish and features a linen pattern for a high-quality look and feel. Wider front and back panels fully cover standard dividers and sheet protectors. Organize and secure papers within two interior pockets. Slant rings have a higher page capacity when compared to the same size round rings. Pages lie flat with back-mounted rings; exposed rivets on back. Clear cover and spine for easy customization. Customize your binder with free templates and designs at Avery® Design & Print Online.

C Slant-Ring View Binder Matte-finish, transparent plastic overlays on front cover, back cover and spine present limitless label customization options. Slant rings allow smooth page turning and hold more documents than the same-size round rings. Open and close triggers provide fast, nearly effortless access to single sheets. Binder features back-mounted rings for added convenience. Two inside pockets provide extra storage for loose documents. Poly material is non-stick so inserts, pockets and cover won't lift print.

C High Speed HDMI Cables Allows interconnection between digital display devices, such as DTVs (digital television), plasma displays, LCD TVs and projectors, to digital source devices, such as digital set-top boxes, Blu-ray players and AV receivers. Supports iPad® 2 Video Mirroring when used with Apple® Digital AV Adapter (sold separately). HDMI assures that the best audio/video signal is always sent from the source (HDTV signal, Blu-ray Player) to the display (projection television, LCD, plasma, etc.). It does this by allowing uncompressed video and multi-channel audio data to be input to the display device through one single cable. An HDMI connection allows input at high rates of speed. Manufacturer's limited lifetime warranty.

Get more active and productive by giving yourself the option to now stand at your existing desk. Large surface area accommodates all your desktop items including monitors, a keyboard, a mouse and documents. Smooth lifting and height adjustable up to 20". Two-tiered surface puts your keyboard lower where you need it. Notched back can accommodate most standard monitor arm kits. Smart ergonomic design lifts and lowers within the same plane on your desk surface, so you do not need to step back and away in standing position. Durable steel base construction for long-lasting performance. Non-skid silicone pads protect your work surface from scuffs and scratches. High-quality top surface is water- and dent-resistant. Ready out of the box so no installation required. Manufacturer's limited five-year warranty. Meets or Exceeds ANSI/ BIFMA Standards.

B AFS-TEX 5000 ANTI-FATIGUE MAT

Anti-fatigue standing surface, specifically designed for use with standing desks. Contoured non-linear profile of between 0.8" and 2" stimulates regular movement and changes in standing positions. Raised ergonomic surround and ergobar features facilitate rocking or stretching of the feet and ankles that can stimulate blood flow and increase the body's metabolism. Surface massage pods also help to stimulate the feet and further reduce fatigue. Fine polyester cover for added tactile comfort and durability. An active antimicrobial ingredient protects the product from microbial deterioration. Manufacturer's limited ten-year warranty.
