## A GUIDE TO EVENTS AT Flemington Pickleball Club

## About FLEMINGTON PICKLEBALL CLUB

Flemington Pickleball Club is the first indoor pickleball-only facility in Hunterdon County, designed from the ground up for the safety and enjoyment of members and guests. The club is over 11,000-square-foot and features five climate-controlled indoor courts and a spacious, well-appointed lounge for players and spectators. The club opened in September 2020 to rave reviews, and several hundred enthusiastic new members.

Pickleball, a cross between ping pong, tennis and badminton, is one of the fastest-growing sports in the nation. Pickleball can be learned quickly, and is easy on the joints. It's a sport for all ages, and one that families can enjoy together.

Flemington Pickleball Club co-owners and lifelong friends, Bob Drinane and Eric Luque both reside in Raritan Township with their families. After playing pickleball together in 2019, they realized there was a need for court space in Hunterdon County, and the idea for Flemington Pickleball Club was born.
