

January 2026

Shell Offshore Pioneers,

I hope you had a Merry Christmas and a Happy New Year! It is hard to believe that 2026 is already upon us.

Attached please find the Registration Form and details for the Shell Offshore Pioneers Reunion that will be held from April 7 - 9, 2026 at Moody Gardens Resort in Galveston, Texas. Shell will again be a sponsor of this milestone reunion (Thank You Shell!) as we celebrate the many contributions made by the early Pioneers in shallow water and newer Pioneers which have now made significant accomplishments in the Deepwater.

The Coordinating Committee has been busy preparing a program that includes excellent speakers, delicious dinners, several activities for the free time, and ample time to catch up with friends. We will continue the popular informal E&P get together with buffet on the first night of the 2026 reunion and will add a contest for all to show off their most memorable, interesting or ridiculous Shell issued team or project shirt. You have to wear the shirt to be in the contest. It should be fun. In addition to continuing the successful golf tournament on the last day, we are planning to add a Moody Mansion tour and lunch for those who choose not to play golf. Please indicate your interest for this in the registration attached. If there is enough interest, payment and details will be provided at the onsite registration at Moody Gardens. The 2026 reunion will be a great opportunity for the Pioneers to get together, renew friendships and see many colleagues that made our successes possible!

We have also added our recent interview with Rich Pattarozzi to our website which we know you will enjoy as he was an excellent leader for many years of Shell's business in shallow and deep waters. We plan to continue interviewing more Pioneers so that we can capture more of the Shell history as well as their stories and accomplishments. Your feedback on these interviews and suggestions of others that we can interview is always welcome.

The registration form includes details on the speakers, hotel reservations, meals, and other activities (Golf and Moody Mansion tour) planned during the reunion. There is a separate registration form for Thursday's golf scramble. Click on the Registration menu item for details.

We have added more recent retirees to our distribution list, but please let us know if you know of other retirees that would be interested in attending. Our website has some additional historical pictures, videos, interviews with distinguished pioneers, and links to Shell information that is of interest. We will continue to communicate by email and through the website.

If you have any questions, please use the link in the website (<https://shelloffshorepioneers.com/contact>) which we monitor regularly.

Best Regards,

Mark Leonard on behalf of the Coordinating Committee
