2021 Summit SuperSeries Points

1. Each valid entry is worth two points. You receive 1 point per round run. Event winner gets two points more than runner-up.
2. Points do not interchange between divisions. Points stay with the driver.
3. Team points must register opening day. No exceptions.
4. If you have a discrepancy with your points, you have two events to reconcile the problem.
5. In case of a tie in season ending points, 1st place tie will race off, weather permitting. If weather does not permit to race off refer to first tiebreaker rule. All other position ties will be as follows. 1st tiebreaker, the racer running the most amount of rounds in the final event will prevail. If still tied or multiple position tie, best reaction time will prevail. (best to worst) until all ties are broken.

2. Limit two drivers per team.
