Testimonials

- *Chris's knowledge and passion for improving behavior was integral in improving aggression among our 5 cats - MK 7/27/23*
- *Chris gave me great practical advice on how to divert and deter Moxie from unwanted behaviors and introduced me to positive reinforcement: praise, treats & clicker training - MZ 6/21/23*

I can help caregivers to:

- Understand what causes stress for a cat
- Ensure adherence to the "5 pillars of a healthy feline environment" for optimal well being
- Introduce a new partner, dog or baby to the home
- Solve litterbox problems
- Address aggression (people or other cats) or biting
- Calm an over-stimulated or fearful cat
- Reduce furniture clawing or other destructive behavior
- Multi-cat integration issues
- Yowling, excessive vocalization
- Train cats: for example, staying off the counter/table, leash/harness training, sitting calmly for meals, etc.
