No More Paying A Fortune Per Second of Video

ML Services anywhere

MAKE EVERY FRAME OF EVERY VIDEO SEARCHABLE WITH

Face Recognition, Speech-to-Text, Object Detection, OCR, Image Tagging, & More.

SUPERCHARGE YOUR MAM

No more manual logging or watching every second of video for the moments your editors need to **tell a compelling story.**

ANALYZE YOUR CONTENT

Give your recommendation engine more data to work with, use your BI tools to create reports on branding and product placement, **use data to better-engage fans.**

CREATE NEW REVENUE

Sell more logo space in your venue, re-use existing assets to create new content, give your sponsors a way to attribute revenue, and **they'll love you forever.**
