

# Trust the grip of the SureNail® strip.

There's a line between a good shingle and a great shingle. It's the nailing line on your shingles. The difference is having SureNail® Technology.

**Excellent Adhesive Power**  
Helps keep the shingle layers laminated.

**Outstanding Grip**  
The SureNail® strip enhances the already amazing grip of our proprietary Tru-Bond® sealant for exceptional wind resistance of a 130-MPH wind warranty.\*

**Breakthrough Design**  
Patented SureNail® Technology\*\* is the first and only reinforced nailing zone on the face of the shingle.

**"No Guess" Wide Nailing Zone**  
This tough, engineered woven-fabric strip is embedded in the shingle to create an easy-to-see strong, durable fastener zone.

**Triple Layer Protection\*\***  
A unique "triple layer" of reinforcement occurs when the fabric overlays the two shingle layers, called the common bond area.

**Double the Common Bond**  
SureNail features up to a 200% wider common bond area in the nailing zone over standard shingles.
