

## Air Component Solutions

Non Metallic Liquid Tight Conduit

### Key Features:

Made of high quality virgin PVC and is 50% lighter than metal conduit. Resistance to corrosion, abrasion, oil, water, acid, metal chips, and harsh environments as well as extrusion.

Easy to install.

Wide range of applications: Machine tools, HVAC equipment, Printing equipment, Pumps, Refrigeration equipment, Transformer connections, Motors and controls, and Marine equipment.

1/2" - 4 inch- 10 AWG THHN

1/2"- 6 inch- 10 AWG THHN

3/4"- 4 inch- 8 AWG THHN

3/4"- 6 inch- 8 AWG THHN
