# Hello. I'm Laura!

## GALACTIC ASTROLOGY & STARSEED GUIDANCE FOR SOUL EVOLUTION

I help people uncover their soul's journey across lifetimes, planets, and dimensions. Using a combination of galactic astrology, readings, psychic insight, and intuitive guidance, I provide clarity, healing, and empowerment to those seeking a deeper connection to themselves and the universe.

My approach is multidimensional and tailored, whether you're exploring past lives, starseed lineages, or future life potentials, I guide clients with compassion, precision, and practical insight.

Even though my media channels are relatively new, my work has already transformed the experiences of many clients, who consistently remark on how approachable, professional, and deeply insightful it is to work with me.

While I am growing my social media presence, my website and email community are engaged, spiritually-minded audiences who are highly receptive to topics of:

- Galactic astrology & multidimensional timelines
- Starseed lineages and soul activation
- Past life, future life, and parallel life exploration
- Shadow work, emotional clearing, and energy alignment
