

MATANZAS SHORES OWNERS' ASSOCIATION, INC.
DELINQUENT
COLLECTION POLICY

CHANGE - After 30 days of late notice sent-intent to lien 87 + 12 \$99 TOTAL is sent-45

Under authority of the association documents and the Board of Directors the following Collection Policy shall be in effect for **Matanzas Shores Owners Association, Inc.** This policy shall be administered by Leland Management (the association's management company).

1. Assessment payments are due on the 1st day of each Month. If payment is not received within 30 days of the due date a "Notice of Late Assessment" shall be sent to the homeowner, and a \$10 late fee shall be assessed.
2. If payment is not received within 30 days of the due date, interest at an annual rate of 18% shall be assessed. This interest shall be charged monthly until balance is paid in full.
3. If payment is not made within 30 days of date "Notice of Late Assessment" was processed, an "Intent to Lien Notice" shall be prepared and mailed by Leland Management in accordance with Florida Statutes.
4. If the outstanding balance has not been paid within 45 days of the processing the "Intent to Lien Notice", Leland Management will seek direction of the Board for these accounts to be assigned to AXIOM Resources for collection action who shall be responsible for all further actions for the assigned accounts, including collection, liens and foreclosures.

Pursuant to Florida Law, the delinquent homeowner is ultimately responsible for the payment of the charges, collection costs and attorney's fees related to the collection of delinquent assessments. To the extent possible, Leland Management and the association's attorney will endeavor to collect these fees and costs from the homeowner as permitted by law.

The above collection policy and timeframes are intended to be a guideline and all actions are subject to administrative and processing delays. However, any deviation from this policy shall not constitute a waiver of any rights or remedies of the association in collecting amounts due.

Notes to Board on Collection Process Timeline:

There will normally be a built-in delay before the collection actions noted in the collection policy are actually completed. For example, if the deadline for payment before late fee is the 15th of the month the download for deposits on the 15th will not be received until the 16th or 19th if there is a weekend. Normally the Accounting Manager will review the accounts, post charges and send late notices one to two days after the download is received. This usually provides a few days' grace period for payment to be received without incurring late fees.

Similarly, it may take a number of days to process a lien or foreclosure notification and for paperwork to be received by the attorney. In addition, the attorney is required to provide the owner a 45-day notice before actual foreclosure action can commence. Historically an extremely small % of accounts will actually proceed to foreclosure (less than 1% of those sent to attorney)

In summary the timeframes in the Collection Policy represent the ideal situation and will almost always be longer in practical application. Therefore, owners normally have more opportunity to resolve their accounts for a longer period than would be indicated in the timeline of the Collection Policy.

Payment Plans

If the association allows payment plans, they must provide payment plans for everyone. If they do not, there can be issues related to consistency and discrimination of certain owners. Payment plans also require special handling by the accounting department and require very close monitoring and tracking.

Leland charges a \$100.00 a monitoring fee on payment plans that exceed 3 months to cover the cost of added administration and monitoring of the plan. This cost is normally passed on to the owner. Should a payment plan exceed 12 months an additional \$100.00 will be charged to the owner for each year that plan is in existence.

If an association chooses to offer a payment plan it should stipulate that the Owner must also remain current on regularly scheduled assessments, and would be responsible for any late fees and/or interest and payment plan fee as well as the agreed payment of the past due amount. A payment plan, if accepted, should be for no longer than 12 months. A payment plan will hold off progression of the account to the next legal action if the Owner does not default on the plan. If the owner defaults on the plan, collection actions would be reinstated immediately.

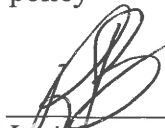

Please keep in mind Leland provides owners the option of paying the entire amount via credit card.

The specific terms allowed by the board for Payment Plans will be listed on page 3 of this collection policy

Waivers

Leland acknowledges the waivers of owner balance may be necessary to accommodate certain unforeseen payment issues. It is recommended that the board establish a uniform waiver policy which is offered to each owner equally and without consideration of personal factors. We would request that Leland be allowed to issue one-time waivers of interest and/or late fees per the terms listed on the subsequent page.
