

Danielle Hepple

Early Years Practitioner

About Me

Level 3 Early Years Practitioner

I have worked at St Agnes Nursery for 3 years, but I have over 12 years experience in early years.

I enjoy arts and crafts with the children, especially card making. I also enjoy being in the Secret Garden & reading stories too.

When I'm not at work I enjoy spending time with my family going on adventures, walking/hiking, going to the gym and reading.

Danielle possesses a natural warmth that draws both children and colleagues to her. She has a gentle and patient demeanour. Danielle's genuine interest in the individual journey of each child fosters a sense of trust and security, allowing the children to feel comfortable and valued in her presence. Danielle enjoys engaging the children in creative activities, especially when we have some special occasion cards to make! Storytime is another of Danielle's passions, whether reading a familiar favourite or introducing them to a new adventures sparking the children's imaginations and fostering a love of reading.

Danielle is often found in the secret Garden enjoying the interactions of the children as she encourages curiosity and exploration. Danielle's kindness, caring nature and genuine interest makes her a truly lovely person to have around.
