# Welcome Aboard

This booklet is provided as a guide for parents and cadets during their involvement with the U.S. Naval Sea Cadets or Navy League Cadet program at NSCC AEGIS Division, Fort Dix, NJ.

This handbook doesn't cover everything, but it covers information that is specific to participation in the NSCC AEGIS Division. It is intended as a supplement to the NSCC/NLCC [Parent's Handbook](#).

It is not unusual for new Cadets and their parents to feel "lost". If so, remember while this is all new to you, we have an open door policy with all parents. If after reading this booklet, you have additional questions or concerns, talk to the NSCC AEGIS Division Commanding Officer.

## Benefits of Membership

In addition to the benefits conferred by participation in the Corps as a whole, additional benefits are available through participation in NSCC AEGIS Division.

What makes NSCC AEGIS Division different?

- Cadets drill on an actual military installation. Some other units may drill at schools, churches, or other facilities.
- Cadets stay overnight in the barracks and eat in Army dining facilities for most unit drills throughout the year. This can provide an advantage for cadets as they prepare to attend Recruit Training, NLCC Orientation, or other advanced trainings.
- As long as unit funds permit, if cadets stay with us through their high school graduation, NSCC AEGIS Division will provide a small one-time scholarship of up to \$150 to assist in any future educational expenses.

## Costs

NSCC AEGIS Division is primarily self-sufficient. While we are investigating obtaining our 501(c)(3) designation which would increase our fundraising options, this means that we pass most of our costs on to our cadets and their families.

In addition to the standard enrollment fee for membership in Sea Cadet and the League Cadets, NSCC AEGIS Division charges an Administrative Fee. In total, the cost to enroll a cadet with NSCC AEGIS Division for the first time is \$150. For subsequent years, the renewal fee is \$100.

We also charge for participation in each monthly drill. A standard drill weekend costs \$45 – this includes 2 nights of lodging in the barracks, 3 meals on Saturday, and 2 meals on Sunday. These actually cost the unit between \$25 and \$30. The remainder of the drill fee is used to defray operating costs. For drill weekends where we don't stay overnight, the fee is \$10 per day, which covers the cost of lunch and helps to defray other operating costs.

There are also incidental costs related to uniforms and summer training activities. Those will be covered later in this booklet.

All costs should be paid by check or money order made payable to NSCC. The unit is now able to also accept payment by credit or debit card. Cash is accepted only for ship's store items, and in case of emergency. This is for everyone's protection. The unit is required by National Headquarters to file an Audit Report and a Budget annually. This report and budget is available upon request.

If you are unable to meet the financial obligations of participation, please talk to the Commanding Officer. We may be able to make accommodations for you, or help you to find sponsorship.

## Parental Support

Even though they are involved to some degree due to their child's participation, parents **do not** have direct input into NSCC AEGIS Division's unit operation unless they are enrolled members of the unit staff.

## Unit Communications

Most of our unit communications are done through email. Parents will be added to a parents' email list based on the email address(es) provided on the cadet enrollment form.

Cadets will be provided with an email account, and all official NSCC AEGIS Division communications will go to that email address. Parents should allow cadets to check their email on this account on at least a weekly basis. Each staff member also has an aegis-seacadets.com email address. These accounts also have a calendar feature on which all unit activities are posted.

All staff are reachable through the unit telephone number: 609-949-9019. For assistance during a drill weekend, please select extension 0 or extension 8. The unit also has a dedicated fax number: 609-498-6048.

Plans of the Month and other unit announcements will also be posted on our unit Facebook page and unit website: [www.aegis-seacadets.com](http://www.aegis-seacadets.com). Announcements are also made on Twitter (@nscg\_aegis)

It is our policy to acknowledge emails or phone calls within 48 hours. This initial acknowledgment may be just that - to say that we won't be available right away to address your concerns, but that we'll get to them as soon as possible.

The unit has a Post Office box for receiving unit mail, which is checked several times per week. NO MAIL IS RECEIVED ON FORT DIX. Any requested forms should be mailed to the PO Box, faxed, or emailed. Funds should be mailed to the PO Box or handed directly to a staff member or the cadet staff member handling check-in.

A reference list for unit contact information can be found in Appendix I.

# Cadet Training

## Summer Training

“Summer” training can also be held during other traditional school breaks. The Summer Training schedule is generally published in March, as is any spring training schedule. Winter training schedules are often posted in October or November.

The costs for summer training vary, but in the summer of 2016, the cost was \$150 per week of training. This covers lodging and all meals while at training. Parents are responsible for transportation to and from training.

One major exception to these costs is the International Exchange Program. Costs for each exchange are published on the IEP website: <http://iep.seacadets.org>.

NLCC cadets have the option of attending a one-week NLCC Orientation. Having successfully completed this NLCC Orientation, League Cadets may participate in one-week NLCC Advanced Orientation, which can cover a variety of topics. Each NLCC Advanced Orientation that is held may cover different topics, so a League Cadet can attend NLCC Advanced Orientation more than once without repeating the same subject matter.

NSCC cadets must attend a Recruit Training which is generally 9 or 14 days. After completing Recruit Training, a cadet must complete one advanced training per each rate they want to advance. In a cadet’s career, should they advance all the way to Cadet Chief Petty Officer, they will have attended six trainings, including Recruit Training.

## NLCC Syllabus

NLCC cadets must complete the modules in the NLCC Syllabus in order to advance. The material is mostly taught during the drill weekend, but some topics may be self-study. NLCC cadets must turn in the review questions from each Syllabus chapter. After completion of all the review questions from a Syllabus “Part”, the NLCC cadet should request to take the corresponding exam once they feel they have mastered the material in a module. Exams are given during drill weekend. Exams can be retaken until the cadet passes.

## Correspondence Courses

NSCC Cadets are required to complete Navy Correspondence Courses in order to advance. Cadets must complete the assignment questions and submit the assignments on the Answer Sheets provided.

Assignments may be submitted by email to the Executive Officer, on the unit website requests page, on hard copy via USPS to the unit PO Box, or may be submitted at unit drills. All Answer Sheets must be clearly marked with the last 5 digits of the Cadet’s SSN, Cadet Name, Assignment Number, and Course Name.

# Drills

NSCC AEGIS Division drills for an entire weekend, beginning at 7:30pm on a scheduled Friday of each month and ending at 4pm that Sunday. The drill schedule is published in its entirety prior to the first drill of each academic year (usually in September).

## What to Bring

Sea bag lists are available in the Appendices as noted below. Cadets should also check the Plan of the Month for any additional items they should bring. These lists are specific to **monthly drill**. Advanced trainings will generally publish their own lists, which may have more items or fewer items.

Appendix II – Seabag List, NSCC Male

Appendix III – Seabag List, NLCC Male

Appendix IV – Seabag List, NSCC Female

Appendix V – Seabag List, NLCC Female

Cadets may bring medications in addition to what's on the seabag list, as long as they are listed on the Medical History Form (NSCADM001, Pages 3-4). The medication must be presented to the Executive Officer in the original bottle that has all the instructions on how and when this medication is to be taken. It will be the cadets responsibility to see the Executive Officer at the appropriate times to take the medication.

Cadets may **\*not\*** bring cell phones or other personal electronics except with the **express permission** of the Commanding Officer or Executive Officer.

## Plan of the Month

The Plan of the Month (POM) will generally be published no later than the Monday prior to a scheduled drill. The POM gives the month's drill dates, what uniforms you need to wear and lists any special requirements for activities and events.

The POM will be published on the unit website and emailed. The cadet must print their own copy of the POM to bring to drill.

**It is very important that parents and cadets read the POM as soon as it is received. There is no excuse for not knowing the information in the POM.**

## Attendance

Attendance at drills is one of the Annual Inspection criteria for each unit so NSCC AEGIS Division requires Cadets to attend 75% of the division's regular drills. If a cadet must miss a drill due to a school event or participation in school sports, it is strongly recommended that the cadet attend as much of the drill as possible, even if it's only for part of the day.

The cadet should report their planned attendance or absence by way of the [Attendance page on the unit website](#). If a cadet misses three drills or does not call when he/she is going to be absent, the cadet could be put on probation or expelled from the unit.

Partial attendees MAY NOT arrive or depart during the following time windows:

Saturday 0000-0830, 1100-1300, 1700-1830

Sunday 0000-0830, 1100-1300

# Proper Appearance

## Uniforms

The unit will issue the following uniform items:

- Summer Dress Uniform, including flashes and rank
- Winter Dress Uniform, including flashes and rank
- Up to two sets of Navy Working Uniform, including flashes, nametapes, and rank
- Appropriate cover for Working Uniform
- A black plastic name tag
- A dress cover (white hat for males/NSCC females or garrison cap for NLCC females)
- A parka with liner
- A peacoat OR all-weather coat
- All required belts

Cadets are issued uniforms, to the best of our ability and within the uniform supply available to the program from the U.S. Navy. Uniforms may be exchanged for size throughout the cadet's participation in the program at no additional cost. Remember that these uniforms are used uniforms and not all sizes are available. Parents are responsible for alterations as needed.

If the cadet requires additional uniforms, flashes, rank insignia or nametapes, or needs to replace an item due to loss or damage, they are responsible for the costs. The most expensive item is a Parka Jacket with liner that can run up to \$180, and the least expensive is a ribbon at less than a dollar.

For NLCC Cadets Only:

- If we do not have the right size summer dress uniform components, cadets are instructed to purchase the following and submit receipts for reimbursement:
  - Short sleeve white shirt with pockets (Dickies KS918 for girls, French Toast 1042G for girls, French Toast 1021F for boys)
  - Long sleeve black shirt with pockets
  - Black dress pants with belt loops

If the cadet leaves the program, they must return their uniforms, but not nametags, ribbons, rank insignia or nametapes.

Not all required items are issued. The following items are required, but not issued:

- Black socks (dress socks for dress shoes, boot socks for boots)
- Shoes and/or boots
- Undergarments (Navy blue t-shirts will be issued once, and replacements must be purchased as they wear out. White crew-neck t-shirts will NOT be issued.)
- Black gloves for the winter

## Shoes and Boots

The unit will NOT provide shoes or boots.

Shoes and boots may be obtained through the following local sources:

- Harry's Army/Navy

- The Navy Exchange (NEX) at NSA Lakehurst
- WalMart, Kmart, Target, Payless
- If not Bates shoes, should look similar to below and be able to be shined:

Shoes and boots can be purchased online through the following sources:

- [www.sportsmansguide.com](http://www.sportsmansguide.com)
  - Shoe item # WX2-185676
- [www.ebay.com](http://www.ebay.com) (search for bates oxford)
- [www.amazon.com](http://www.amazon.com) (search for military oxford shoes)
- [www.qmuniforms.com](http://www.qmuniforms.com)
  - Shoe item #S89-424

Their boots must be plain steel-toed, laced 8 or 9 inch high top made of water resistant leather (ALL LEATHER, no fabric) with rubber outsoles. This link shows a low-cost example.

- [http://wardensupplyco.com/cart/index.php?main\\_page=product\\_info&cPath=30&products\\_id=1154](http://wardensupplyco.com/cart/index.php?main_page=product_info&cPath=30&products_id=1154)

Belleville 800ST is probably the highest cost version, and is what USN wears generally.

### Nametapes and Flashes

Nametapes are available through <http://1800nametape.com>. **An initial order of nametapes will be provided by the unit.**

### Personal Grooming

NSCC AEGIS Division will NOT cut any cadet's hair, even upon request. Male cadets' hair is generally cut when attending Recruit Training or NLCC Orientation.

# Chain of Command

Cadets are ALWAYS expected to follow the chain of command, except in cases of safety issues or in reporting infractions of Sexual Harassment, Fraternization, or Hazing.

Parents are expected to follow a different chain of command. They should contact only the Commanding Officer (or the Executive Officer in the CO's absence). This allows our unit staff to focus on their very important roles within the unit. If parents' concerns are not resolved adequately by the CO, parents may contact the Regional Director or the NHQ Representative, in that order.

It is up to the Cadet **and not the parents** to arrange supply appointments, request replacement ID cards, etc.

The Chain of Command is available at Appendix VI.

## Mutiny: Resolving Unit Conflicts

Cadets and officers are expected to resolve issues at the lowest level possible. This includes attempting to resolve conflicts with others on their own prior to bringing them to the chain of command.

## Our Facility Hosts

Parents must not contact Fort Dix or the NOSC (formerly known as the Naval Reserve Center) regarding any concerns unless directed to do so by the Commanding Officer or the CO's seniors (Regional Director, NHQ Representative, or NHQ).

We are guests of Joint Base McGuire-Dix-Lakehurst and the NOSC Fort Dix. It is a privilege for us to use these facilities, and this privilege can be revoked at any time. Any concerns related to the facilities should be directed to the NSCC AEGIS Division Commanding Officer.

## Base Access

Once a cadet is enrolled, his/her parent(s)/guardian(s) will be eligible to obtain a DBIDS card for base access. Once the cadet has a valid ID card and the CO has advised that their access has been requested, the parent/guardian should visit a Joint Base McGuire-Dix-Lakehurst Welcome Center with the cadet to obtain their DBIDS card.

For visitors or those without DBIDS or other valid ID for base access, they must contact fill out the [Base Access Request form available on the unit website](#) with their Legal Name, Social Security Number, and Date of Birth. To access the base, they will then visit the McGuire Welcome Center to obtain a weekend pass, and then proceed to the Route 68 gate to gain access to the drill location.

# Adult Volunteer Opportunities

## Parent Volunteers

Parents are generally asked to help drive cadets to special events or community service activities. In order to be eligible to do so, they must enroll as an Auxiliarist. They are also asked to assist in planning and to supply food items for our annual events, such as our Holiday Party and our Farewell BBQ. We also ask parents to assist in fundraising activities.

## Officers and Instructors

Officers and instructors are adult volunteers who have made the commitment to become a member of the U.S. Naval Sea Cadet Corps and to support NSCC AEGIS Division with a greater level of involvement. Military experience is helpful, but certainly not necessary. There are many tasks that need to be completed on a weekly, monthly, quarterly and yearly basis, as well as those which come up from time to time. We'll train you in what you need to know.

Please note that all of our current staff have regular "day jobs" and we ask that you respect their time by arriving to appointments on time and being patient if they don't get back to you right away.
