

Our Mission

Mosaic Arts Collective provides paths for every individual to receive arts education and performance opportunities.

We do this by increasing accessibility, and creating even more representation and belonging within the regional arts community.

@MOSAICARTSCOLLECTIVE

TENANTS OF OUR MISSION

ADVOCACY

We raise awareness & secure funds to **create opportunities** for underrepresented talent in our region.

EDUCATION

We exist to **bridge the gap** for those interested in the arts by providing free workshops, funding for lessons, supplies, & referrals to local partners who believe in our mission.

REPRESENTATION

We **tell stories** that boast of many cultures, skin tones, economic backgrounds, & ages, & **we inspire the next generation of artists.**

CONSULTING

We partner with both artists and community experts to offer immersive trainings. We aim to **support organizations** that share in the goal of creating safe & welcoming spaces for all that pursue the arts.

MISSION IN MOTION

YOUTH SCHOLARSHIPS

We have partnered to provide **over \$15,000** in scholarships for youth to participate in various community arts programs; employing nearly a dozen teaching artists of many cultures & backgrounds.

DANCE SHOES

Having the right shoes make a big difference in a performer's confidence. With **115 pairs** of shoes given & counting, we are passionate about people stepping into their gifts.

FREE WORKSHOPS

Whether it's for singing, dancing, acting, auditioning, or headshots, we provide **free education & resources** so there are less barriers for artists to turn their passion into opportunities.

ELEVATING ARTISTS

We believe all artists deserve a place to showcase their work. We have hosted over **13 art shows** & have featured more than **16 visual artists**. We exist to enrich the fabric of our arts community so it truly reflects all who live within it.

Current Initiatives

In partnership with Play it Forward, we provide free or reduced cost piano lessons as well as the use of brand-new instruments in their home for those with need.

Mosaic's Inspire Choir (MIC) provides youth with opportunities to enhance their vocal technique, increase their knowledge of music theory, and experience the empowerment of singing in a chorus.

Mosaic's Audition Program (MAP) is designed to help turn passions into paychecks by offering free training, tools and resources for those interested in pursuing careers in the arts.

Funding the Mission
