

ROX

G-FORCE

SMART PHONE. SMART PRICE.

High-End Shockproof and Waterproof. The ROX G-FORCE is a head-turner that's ready for extreme action. Its IP68/IP69K and MIL-STD-810G certifications make it one of the few smartphones in the world eligible for use by Special Forces, as well as those who just need a smartphone that can take a punch. The G-FORCE is able to handle drops from 1.2 meters, submersion into water up to 6 feet for up to 60 minutes, thermal shocks, and corrosive environments.

Helio P90 delivers lightning speeds. The G-FORCE's Helio chipset is an AI (Artificial Intelligence) processing powerhouse that can handle the most complex AI apps and tasks while running multiple AI functions simultaneously. The 6.3-inch FHD+ waterdrop 1080 x 2340 Gorilla Glass 5 screen delivers a stunning, immersive visual experience.

Rugged, but beautiful, the G-FORCE packs 8GB of RAM to maximize buffer space and performance, allowing multi-tasking, video streaming, and gaming without missing a beat. And the 128GB of on-board storage (plus a MicroSDXC Slot - Up to 256GB) will definitely meet your every need, from running games and apps to housing your full library of photos and videos. It also features an unheard-of 5500mAh battery, dual SIMS, 24 Global LTE bands, a 48MP+16MP+8MP triple rear camera (with 10X telephoto) and 16MP selfie camera. NFC, 15W Rapid Charge and 10W wireless Qi charging are standard.

LUNA Mobile, Inc.

Smartphone • AC Adapter • USB Charging Cable • Pre-Applied Screen Protector • SIM Tray Tool • Activation Guide

SMART PHONE. SMART PRICE.

LUNA MOBILE

Our unique slogan says it all: Smart Phone. Smart Price.

\$600 to \$1,000 is just too much to pay for a phone. LUNA is proud to offer the best smartphone value available today. In addition to market disruptive pricing, our key differentiators include:

- All ROX smartphones are “unlocked,” meaning anyone can easily change carriers by just inserting a new SIM card. Unlocked smartphones allow you to say goodbye to expensive contracts.
- Dual SIM slots are a standard feature on all models. You can have one number for work and another for personal use. Or pop in a local SIM while traveling abroad, save big money, and still be available for calls from home. All on the same device.
- Best-in-class Tri- and Quad-camera systems deliver stunning quality and versatility using the latest cutting-edge A.I. technology.
- The hardest working processors on the planet including the powerful Mediatek 8-core Helio P90 System on a Chip featured in our ROX G-FORCE and the G90T Gamer in the ROX PHENOM.

- Fast charge technology charges the battery from zero to 70 percent in just 20 minutes. That’s nearly five times faster than conventional charging. LUNA Mobile is one of the very first companies to bring this game-changing breakthrough to the Western world.

All LUNA Mobile products are backed by a one-year factory warranty.
