

ROX

G-FORCE ONE

SMART PHONE. SMART PRICE.

High-End Shockproof and Waterproof. The ROX G-FORCE ONE was designed for those who thrive in the great outdoors and enjoy getting their adrenaline pumping. This toughie sports a 6.2" 1080 x 2246 Gorilla Glass 5 display, multiple special-purpose sensors, and a high-performance chipset. Achieving the highest rating possible for a rugged smartphone (IP69K), the G-FORCE ONE is able to handle drops from 1.2 meters, submersion into water up to two meters for two hours, thermal shocks, and corrosive environments. This rugged member of the ROX line-up craves extreme action.

Helio P60 delivers lightning speeds. The ROX G-Force One is powered by an eight-core processor with quad A73 and quad A53 ARM cores as well as an ARM Mali G-72 MP3 GPU. The SoC is paired with 6GB of DRAM and 128GB of NAND flash storage. It's tough, but also very savvy featuring dual SIMS, 18 Global LTE bands, 21MP+13MP dual rear cameras and a 13MP selfie camera. The G-Force supports up to 256GB of additional SD Card storage (more than 50 full-length HD movies). NFC and 10W wireless Qi charging are standard.

What other smartphones have you seen that are fully-protected against dust, shock, water, humidity, solar radiation and temperature, and also have a Sound Meter, UV Light Sensor, Compass, Pedometer, Barometer, Protractor, Bubble Level, Picture Hanger, Height Meter, Magnifier and a Plumb Bob? Oh, it also has a 5000mAh battery. ROX on!

SMART PHONE. SMART PRICE.

LUNA MOBILE

Our unique slogan says it all: Smart Phone. Smart Price.

\$600 to \$1,000 is just too much to pay for a phone. LUNA is proud to offer the best smartphone value available today. In addition to market disruptive pricing, our key differentiators include:

- All ROX smartphones are "unlocked," meaning anyone can easily change carriers by just inserting a new SIM card. Unlocked smartphones allow you to say goodbye to expensive contracts.
- Dual SIM slots are a standard feature on all models. You can have one number for work and another for personal use. Or pop in a local SIM while traveling abroad, save big money, and still be available for calls from home. All on the same device.
- Expandable SD Card Memory is available on all models from 64GB on the ROX CLICK to a whopping 1TB on the ROX PHENOM. 1TB can hold an incredible 1,000 hours of video.
- The hardest working processors on the planet including the powerful Mediatek 8-core Helio P60 System on a Chip featured in our G-FORCE ONE and the incredible Snapdragon 660 featured in the ROX PHENOM.

- Quick Charge™ technology in the ROX PHENOM charges the battery from zero to 70 percent in just 20 minutes. That's nearly five times faster than conventional charging. LUNA Mobile is one of the very first companies to bring this game-changing breakthrough to the Western world.

All LUNA Mobile products are backed by a one-year factory warranty. For additional information on this or any LUNA Mobile product, please visit our website at LunaHQ.com.
