TO THE ARTISTS

THANK YOU from the Arizona Gourd Society (AZGS) for choosing to participate in the 2019 Gourd Art Competition at the Wuertz Gourd Festival. We appreciate the work you have completed and your willingness to share your art with the public. Your work will give pleasure and inspiration to the public and fellow gourd artists.

We strive to provide you with a fair, unbiased, and honest competition by using American Gourd Society Certified Judges. In the judge training and preparations, emphasis had been given to objectivity, impartiality, and fairness to everyone. Often judges must distinguish among several fine pieces, and the choices made by one group of certified judges might differ from those made by another. If you receive a ribbon, congratulations! If you did not, please know that the judges recognized that you produced a worthy piece of art, but felt other artists achieved slightly more on their pieces.

RULES OF THE GOURD ART COMPETITION

1. The Arizona Gourd Society (AZGS) will accept **one entry per person per category.**
2. Any gourd entered in a previous AZGS Gourd Art Competition may not be reentered in the current AZGS competition or any future AZGS competition.
3. Once an artist wins Best of Division in the AZGS competition, the artist **moves up to the next division in the next competition.**
4. If an artist won first place in a specific category last year, and the artist wishes to enter into the same category THIS year, the artist will be required to move up to the next division and enter into that same category, with the exception of the Masters Division and Collaboration, which are limited in mobility to their specific division.
5. If an artist won first place in a specific category last year, but DOES NOT wish to enter the same category THIS year, that artist WILL NOT BE REQUIRED TO MOVE UP TO THE NEXT DIVISION.
6. An artist cannot have two (2) entries in separate divisions for the same category, i.e., an entry in the Intermediate and Advanced Divisions both for the Carving category. A violation of this rule in this competition will result in the AZGS reclaiming any awards the artist may have received.
7. In fairness to each artist, every entry must reflect the skill level expected for that specific division of this competition. Please be sure to read the criteria for each division.
8. If the receiving person at the competition and registration table observes that your entry DOES NOT reflect the skills expected in your requested division, or does not reflect the technique specified for the division or category, that piece of art will be assigned to the appropriate division or category. If you disagree, you may withdraw the entry or agree to abide by the decision made by the *Placement*

Review Committee, which is composed of three people who are knowledgeable and skilled in judging gourd art and in assigning art to the appropriate skill division and/or category.

9. **No copyright infringement is allowed.** We do not permit the depiction or uses of slogans, pictures, lyrics, songs etc. that can be attributed to a given product, and are not permitted as part of the presentation of gourd art. If any reference to a given product is inferred or depicted in any way, we will not judge the gourd piece.
10. We will not accept laser work and fractal burning on gourds into the gourd competition. If these techniques are on a gourd, but are peripheral, not predominant, the gourd may be entered and judged on the predominant technique, i.e. carving, pyrography.
11. All work on an entry **must be the artist's original design.** Unless otherwise stated for your division/category, you **may not copy someone else's work, use a gourd from a class or workshop you attended, or use products such as pre-printed *Stick N Burn* or other patterns.**
12. In addition to the original design, judges' will base their scores on quality of craftsmanship, creativity and design, color, finish, accessories, decoration and the overall appeal/appropriateness to the category. **Entries must be comprised of at least 55% gourd, multiple gourds, or gourd pieces.** You are allowed, but not required, to include a brief note to explain or describe your entry. If you wish the information to be displayed to the public, the artist may provide the information on a card no larger than 5x7 inches and printed in a large font that is legible from three (3) to four (4) feet away. You may include a small stand to make the information easier to read.
13. If you would like to sell your entry(s), notify registration personnel at check-in, who will provide a 3x5 inch "For Sale" card. We need you to provide business cards to display beside your entry(s). AZGS and its representatives will not broker any deals. Buyers may not remove their purchases until 3 p.m. on Sunday.
14. AZGS and its judges strive to reward the efforts of the artists with ribbons available for first, second, and third place in each category. However, the judges may decide that the entry does not meet the requirements for a first place ribbon, consideration will be given for a second, or third.

EXPLANATION OF SCORING VALUES

Scores represent an attempt to quantify the level of artistry demonstrated in the entered work. Scores of three (3), four (4) or five (5) represent good or better work in the characteristic being evaluated. To award ribbons may require selection based on very small differences. Just because a score of five (5) was not awarded, does not mean the judges did not find the work on the piece admirable. Scores of two (2) or one (1) simply indicated that there is a good potential for improvement in that particular characteristic.

Definition of numerical scores:

5 = Excellent – Best of category or equal to best in category

4 = Very good – Noteworthy effort, but not quite to the level of best in category

3 = Good – Work typical of category or division

2 = Adequate – Some shortcomings, but no major issues

1 = Detracts from appeal of work. Improvement in this characteristic would enhance the attractiveness

If there is a single entry in a particular category, scores represent a comparison to all the works at the skill level of the entry.

SCORING CRITERIA

THE 2019 Arizona Gourd Society competition will use the following competition scoring criteria explained below. The scoring addresses the overall artistic impression of the piece, the quality of craftsmanship, and the difficulty/level of effort required to execute the work. If a special or featured technique applies to a category, such as carving or wood burning, an evaluation of that technique will be included in the scoring.

Scores will be awarded on a one (1) to five (5) scale, five (5) being best, relative to other entries in that category and skill level. If there are no other competing entries in that category, comparison will be with overall work at that skill level.

GRAND MASTER DIVISION

The Grand Master Division is for the artists who consistently create gallery quality art work that is SOLELY THE ARTIST'S OWN CONCEPT. The main requirement to enter this division is that the entry is an exceptional example of gourd art. The artist's skills in design and technique must be considered superior and their creativity inspirational.

To qualify for the Grand Master Division, the artist must: 1. Have gourd art work in or displayed in a gallery; 2. have won Best of Show or Best of Master Division, or both.

By January 1, 2019, Grand Master artists must notify Sunny Carpenter – sunbehm918@gmail.com – of the artist's intent to provide an entry in this division. The Competition Committee intends to showcase the Grand Master entry in the most favorable manner. Please let Sunny know the size and scope of your entry. A single entry may have several parts, such as a puppet theater that will be considered as one item. For larger entries, tell Sunny the size, scope and weight of the entry. Some entries may be too heavy or large to sit on a table.

This is an opportunity for gourd artists, who do superior work with gourds, to enjoy and explore the unknown without restriction or the encumbrances of competition. The artists have the opportunity to submit a concept or demonstration piece(s) with the idea of stimulating wonder, thought, and inspiration. The focus will be one of pushing the edge of possibilities instead of focusing on judging criteria. This division is for artists who want to challenge themselves, to design and produce a one-of-a-kind gourd art that is unrivaled.

This division will not be judged and is not part of the Best of Show competition. The artists are already the Best of the Show!! It is requested that each artist submit ONE entry for this division.

Artists in Grand Masters should include a biography with their entry form, which will be displayed with their entry. Email your biography to Sunny Carpenter at above noted email address.

Those who enter gourds in this division will benefit from personal growth and those who view the entry will experience the expansion of their own ideas.

ARIZONA GOURD SOCIETY PHOTOGRAPH RELEASE FORM

No Gourd Art entry will be accepted without this consent form signed by the entrant.

This single consent form covers all entries by the undersigned.

I do not want to be included.

I certify that this is my original design and not a direct copy from a class, publication, or tutorial.

If you wish to be included, please complete the following:

I, (print full name) _____, hereby grant the Arizona Gourd Society (AZGS) the non-exclusive royalty-free right to photograph my entry(s) for possible inclusion in the 2019 DVD/calendar/promotional material (hereafter, "products") to be sold and distributed for AZGS fundraising activities. I understand that funds raised from the sale of products will be used to support the AZGS and its programs. AZGS agrees to recognize the artist on any image used, and to provide contact information (as desired) for the entrant.

AZGS reserves the right to photograph any view or detail that it deems appropriate to display the gourd art entry on the product. Entering the competition does not guarantee that the gourd art entry will be included in any product. It is further understood that the photograph(s) may be used for product(s).

I hereby irrevocably authorize the AZGS to edit, alter, copy, exhibit, publish, or distribute this photo for purposes of publicizing the AZGS's programs for any other lawful purpose. In addition, I waive the right to inspect or approve the finished product, including written or electronic copy, wherein the photograph of my entry(s) appears. I waive any rights to royalties or other compensation arising from or related to the use of the photograph.

Entrant hereby represents and warrants that any element used to decorate the gourd will not infringe on any intellectual property rights (including without limitation, copyrights, and trademarks or licensing rights), publicity rights, or privacy rights of any third party. Entrant agrees to indemnify and hold AZGS and its respective officers or agents harmless from any damage, loss or expense (including attorney's fees and costs) occasioned by any claims, actions, suits or proceedings of any nature whatsoever and by whomsoever made, arising out of the photographed activities in which I am taking part or arising from any breach or alleged breach of the above intellectual property rights. This agreement may not be amended or modified in any respect except by written notification and consent of the President of AZGS. I am 18 years of age or older and am competent to contract in my own name. I have read this release before signing below and fully understand the content, meaning, and impact of this release.
