

Three different people, only one True God

The teacher was showing a picture in which the Father, the Son and the Holy Spirit appeared. She let the kids look at it well, and then explained:

This picture is a representation of the Most Holy Trinity.

As you can see, there is the Father, who is represented by three rays of light, we don't know what he looks like, because no one has seen Him.

There is also Jesus, who became man and who we have seen. And the Holy Spirit in the shape of a dove, but it could also be represented as water, fire, or wind, because It has manifested in these ways.

Although we see three different beings here, there is only one True God. That's why we say God The Father, God The Son, and God The Holy Spirit.

We can also live all that they live as a christian family and as church. We only have to open up to the action of the Holy Spirit and let It enter our lives, so It can guide us and give us strength.

Think of all the things that Jesus taught us:

- "I love the Father, that is why I do as He commands me" (John 14, 31)
- When Jesus was baptized in the Jordan river, a voice was heard: "You are my own dear son, I am pleased with you." (Luke 3, 22)
- The Holy Spirit is God, sent to continue Jesus' work in the church.
- Jesus loved his parents very much, he would always obey them, and he would never do anything to make them mad.
- I have my own family, I want to love it just as much as Jesus loved his.
