

Make Altar for Consecration

Print the pages below. Cut around the hearts and the prayer together so they can be glued back to back with a popsicle stick in the middle. Place the popsicle stick in the bottom of a Styrofoam cup to create an altar. Decorate as desired.

"Oh, my Virgen, Oh, my Mother,
I offer myself completely
to Your Immaculate Heart
and I consecrate my body and my
soul, my thoughts and my actions.
I want to be as you want me to be,
do what you want me to do.
I do not fear, because you are always
with me.
Help me to love your son Jesus,
with all my heart and above all things.
Place my hands in yours so I may be
with you always."

Amen

Mary, our Mother in Heaven, has a heart full of love for us. She takes us by the hand to Jesus. Mary accompanies us when we pray, and helps us to be good, so we may give Jesus a heart full of love, when we visit Him.
