

Jesus Changes Our Sadness to Joy!

When someone dies, it is very sad for us and we feel a great loss. But, dear children, it is not sad for those who died. It is very happy for them because their life is changed from the life we see, to the full life with God.

Color the butterfly and circles on the bottom, leave circles on the butterfly-wings blank. Cut out the bottom circles and glue them on the butterfly, covering the sad events of death with the happy ones.
