

### In-Person Physical Therapy

We currently offer home or on-site physical therapy sessions in Edmonton and surrounding areas. With minimal space required, our staff bring all the necessary equipment to provide a comfortable, personalized treatment that caters to your needs.

In-Home Assessment (60-90min) \$225 / Follow-up Treatment (45-60min) \$180

### Pre & Post Surgery

Home Physio Canada Therapists will arrange sessions prior to surgery to optimize your physical condition for easier, earlier recovery. Follow-up sessions after your procedure can help in the early stages of recovery with pain and swelling. We will then guide your return to activity and develop exercise programs specific to your abilities and needs.

3 in-person sessions (60min) \$475
