

# 2020 BC-15 DW

BY BCROASTERS.COM

The BC-15 MD or DW comes in single or double wall models. These are great for production roasting for the wholesale or retail coffee business. It can roast from 3lb. to 15lb. per roast and up to 4-5 roasts per hour. The DW Model can roast even smaller sample batches. It will roast well over 400lb. per day. It has all the features most companies charge extra for built into the base price. The only option is if you wish to add a MAG AIRFLOW GAUGE. These models all come with the advanced and precise airflow control via the MDDS (manual damper) system & many new safety features. Solid heavy-duty stainless steel drum and built in profiling system for BT & ET. Direct-Connect chaff unit for efficiency & reduced footprint. Comes in choice of Natural or LPG (propane) gas. **Now in choice of Single or Double Wall models!**
