## BIOGRAPHY

Katy M or The queen of the turntables as her fans calls her. Musician, Music teacher, Artistic director, and House music enthusiast alike. Khadia Zizaoui made a name for herself as the first female DJ in Morocco, although facing all kind of cultural challenges and obstacles, she was decided to start a DJ career with a lot of passion and dedication.

She then spent many years playing in the most prestigious local clubs, events, holding multipl residencies in luxury hotels, famous radio stations and International festivals. She spent 5 years residency at one of the top radio stations in Morocco, Hit Radio, and been part of some international festivals such as Mawazine, French Connexion Music Festival and Sun Festival Marrakech.

Katy M managed to soon become a national icon open-format Djane playing multi-genres from the Disco classics and French Touch to the latest hits but without losing her ability to play for different tastes, Her talent was confirmed by developing a career; she was a Jury member of numerous competitions, pursuing her musical studies that resulted in her becoming a music theory and piano teacher, while also dedicating more of her time to support and guide young artists.

That sounds like an exciting journey for Katy M! Pursuing her dreams and making a name for herself in the international music scene is no small feat. It sounds like she has already made some impressive strides in her career of almost 17 years by touring all around Morocco (Marrakesh, Casablanca, Tangier....) and the Middle East in destinations like Dubai, Abu Dhabi and Egypt. It's also impressive that she's now a resident DJ at international radio stations like "Chicago Sizzle Radio" in the USA and "Radio Djs Sound" in Nederland.
