BIOGRAPHY

Titus Live is an tech- and deep-house DJ whose distinct vocals accompanying his sets is his true differentiator. You will find Titus Live playing an exclusive Amsterdam scene – W Hotel, Mad Fox, Escape and the Butcher (The World’s 10 Best Secret Bars by Forbes) – and in the past 12 months has performed internationally in London, Jakarta, Bali, Mexico, Bulgaria, Jamaica, Croatia and Ibiza.

Titus Live released music on Audio Rehab Recordings London, Turn It Up Records and Cinco28. He shared the stage with many top DJ’s around the world like Solardo, Housequake, Jamie Jones, Mark Knight, Franky Rizado and has played at Ministry of Sound, Lightbox & Awakenings.

He is known for being one of the pioneers to introduce the UK Garage sound to Amsterdam, and as time evolved has now found a more authentic sound in deep tech bass house.
