Board Leadership Coaching Services

Anyone who has ever served on a nonprofit board has probably experienced moments when uncertainty arises. A meeting unexpectedly goes south. Another board member goes radio silent. Or a current (or anticipated) good partnership with an executive director and/or other board officers seems suddenly rocky. Being on a nonprofit board, no matter the size or focus of the organization, carries great weight. And serving as chair, or officer, or even running a committee, only intensifies the responsibility.

Being thrown for a loop is no fun. That's why I have decided to add to my leadership coaching targeted services for nonprofit board members. I will be the independent, non-judgmental, but knowledgeable person for members to speak with, bounce ideas off of, or just ventilate.

I am a Certified Holistic Career, Life, and Executive Coach through the Goal Imagery Institute™ and have trained in Positive Intelligence™ with Shirzad Chamine. With many years of experience, not only as a board member but as a staff member, funder, and now consultant/coach for nonprofit organizations. I'm excited to start working with board leadership.

If you, or others that you know, might be interested in learning more, I invite anyone to a free one-hour session, no strings attached.
