"Connie has been a terrific coach. I've been working out with her consistently twice a week since June 2, 2017. She is completely reliable and punctual. Also always friendly and upbeat without being intrusive. She is supportive, nonjudgmental, and responsive to my physical status. She is eager to provide the specific type of training and any particular accommodations that I may need. In terms of the training itself, she has a huge repertoire and is always mixing it up to keep things fresh and keep my muscles working their hardest. Her knowledge is impressive. I recommend her most highly!"

"Connie has a great attitude and plenty of fitness experience. I have quite a bit of limitations from past injuries/surgeries and she was able to work around them to help me achieve a great workout with desirable results! I highly recommend Connie :)"

"Connie is a very professional trainer. She trains based on your own abilities without pressure to do what a person is not capable or ready to do. Very kind, calm and easy to talk with. Does not judge what a person looks like whatever size that might be. Very educated in many different styles of training."

"Connie is an excellent trainer who always changes it up on each visit, which is really important to me. She is a great person, friendly, motivating and committed to your fitness goals and if you're having trouble with any particular area in regards to pain or weakness, she's very tuned to that. You cannot go wrong hiring her"
