Counting

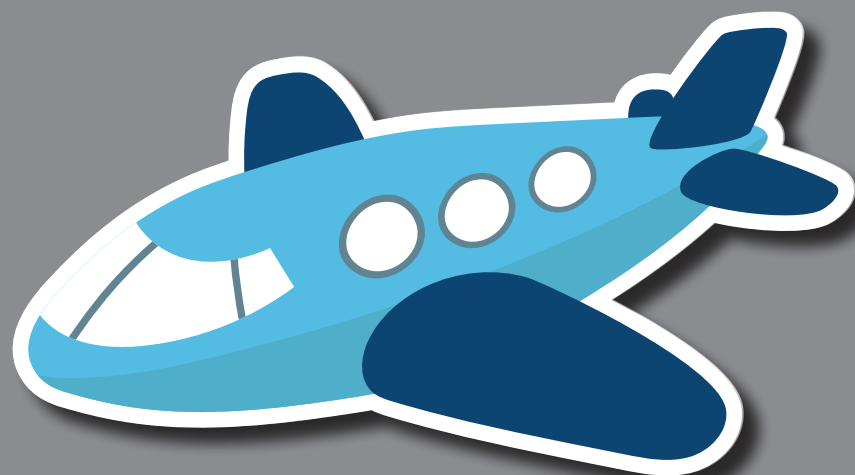

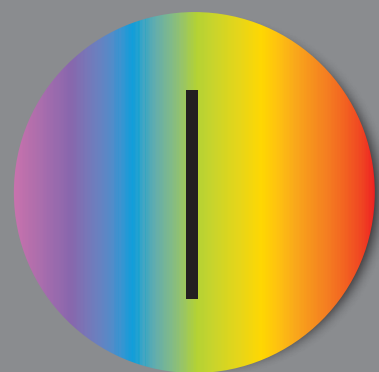

Kids LOVE stickers! Stickers aren't just fun, they are also great educational tools. Manipulating stickers is an excellent way to develop the fine motor skills kids need for prekindergarten and kindergarten! The Ready to Learn™ Counting Sticker Book is an engaging supplement to the Ready to Learn™ Prekindergarten and Kindergarten workbooks and workpads. This book makes learning fun and reinforces the skills necessary for success in writing numbers, counting, and number sense all by using fun and colourful stickers!

twelve

Tammy K. Hayes, EdD

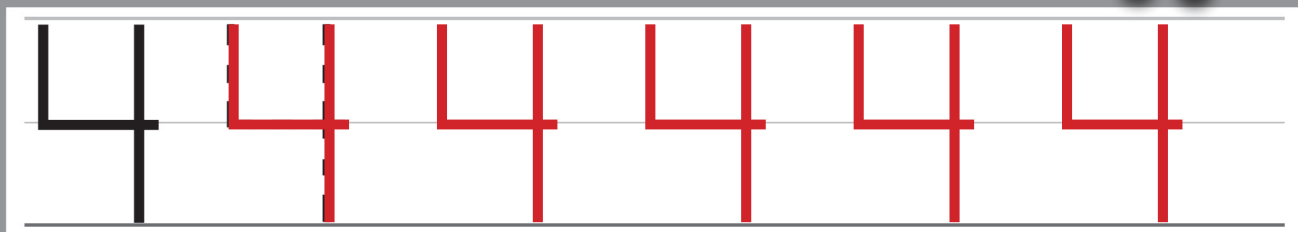

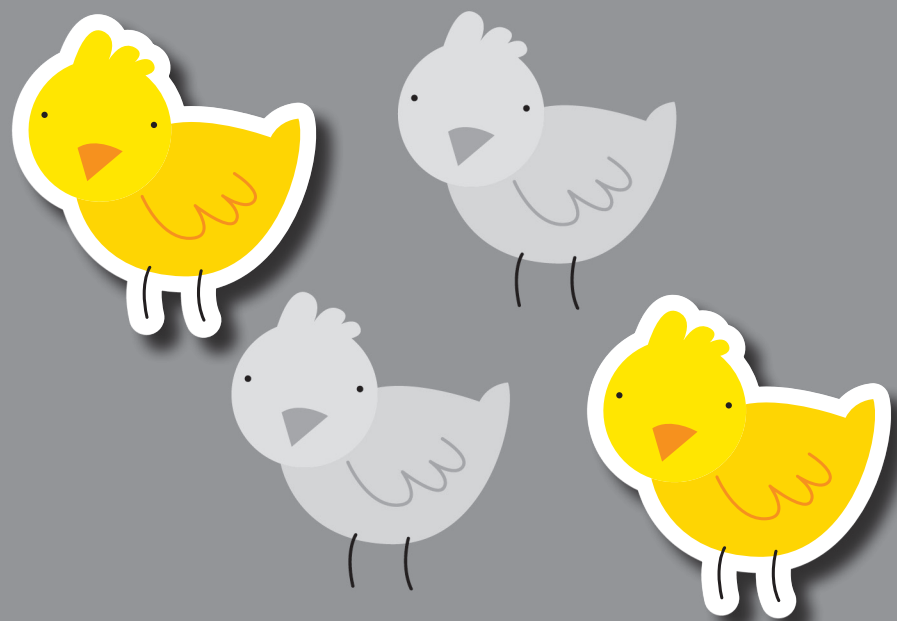

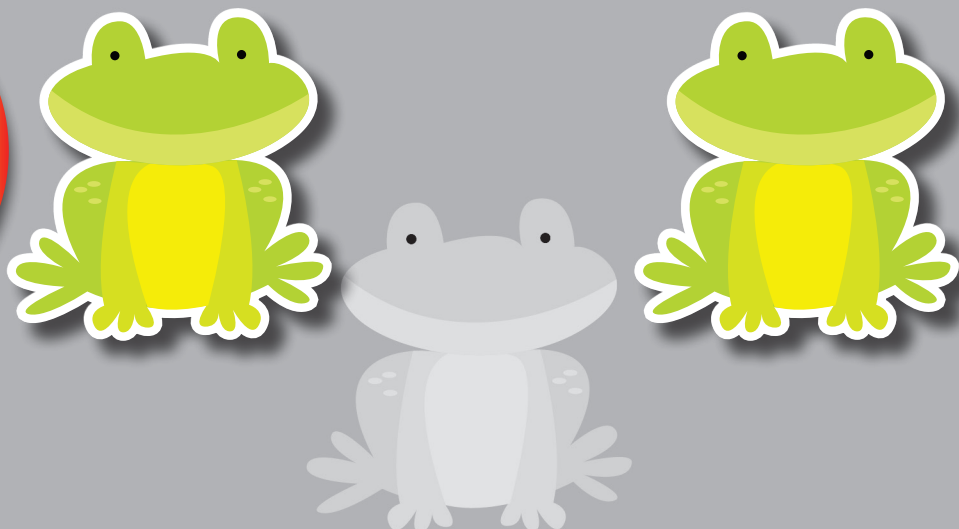

Find the missing stickers as you count up to 20! Count the colourful dots to help you find the missing number stickers. Then count the objects and find the missing stickers. Finally, practise writing each number on the lines below.

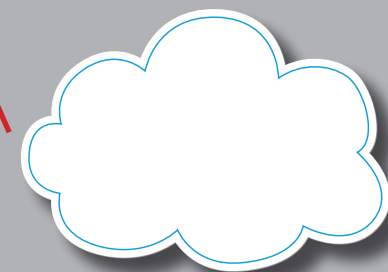

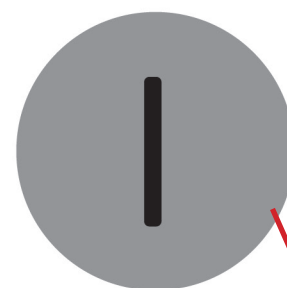

How many kids are playing on the slide? Write your answer in the box below and then colour the picture.

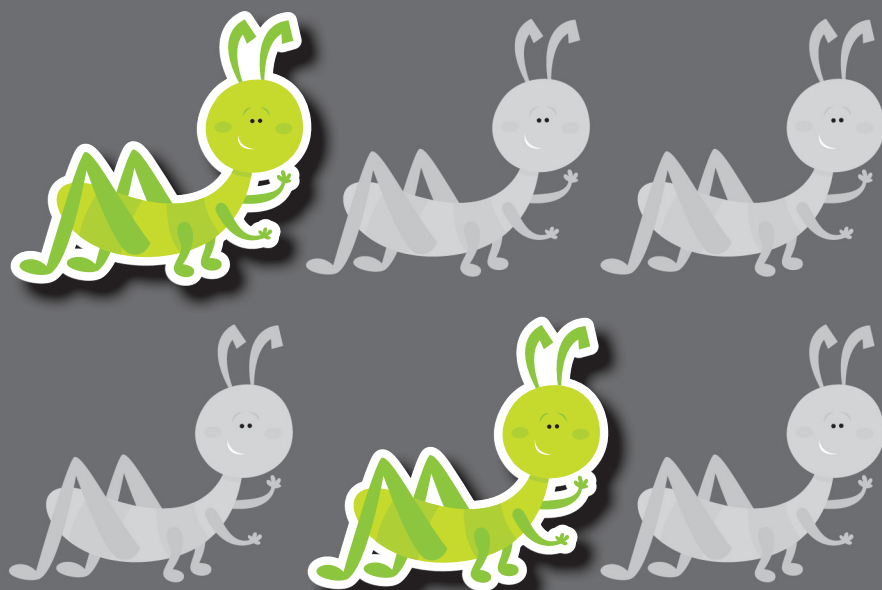

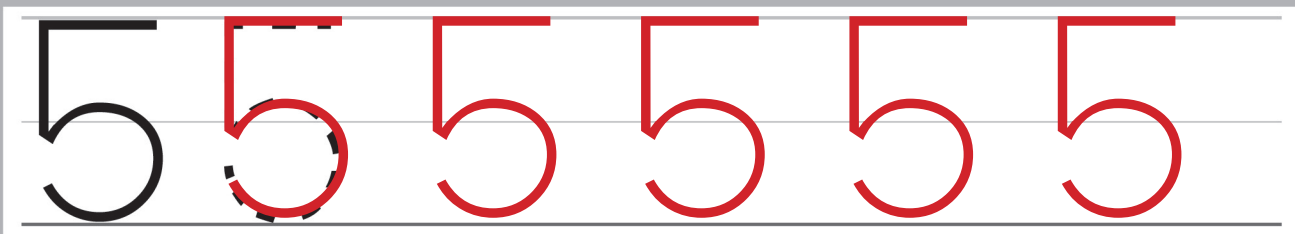

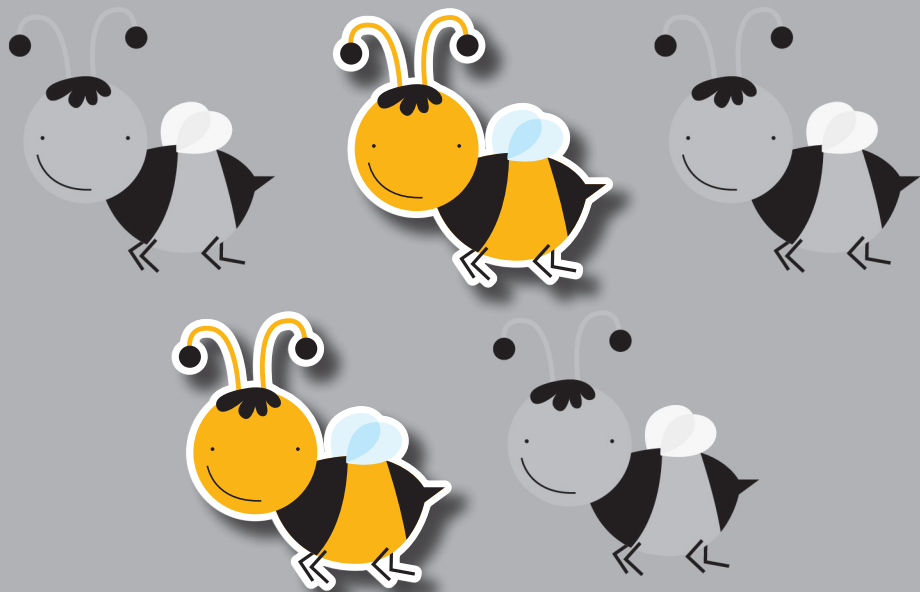

2

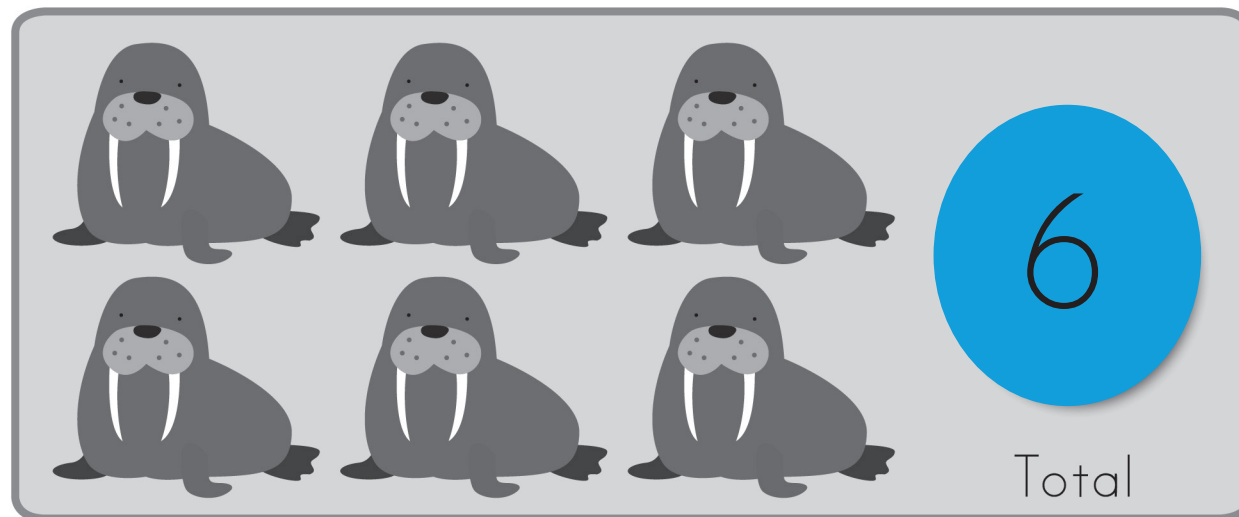

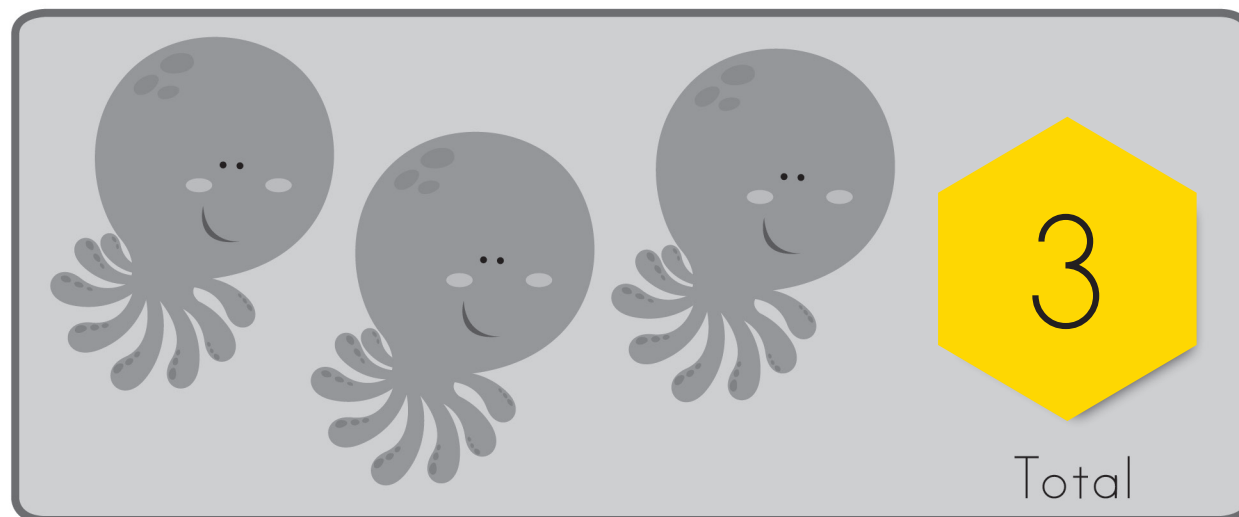

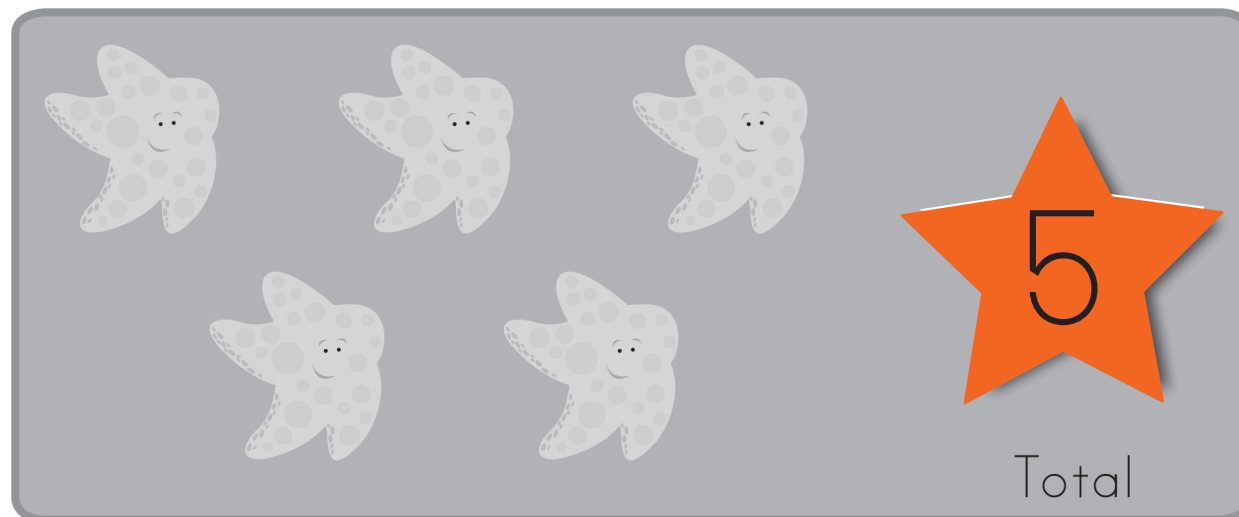

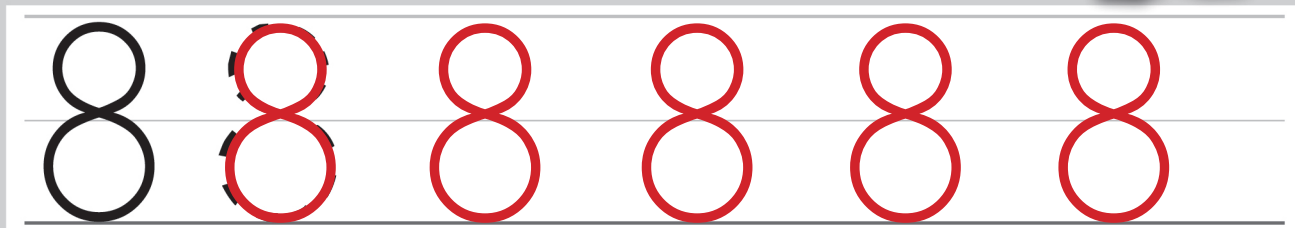

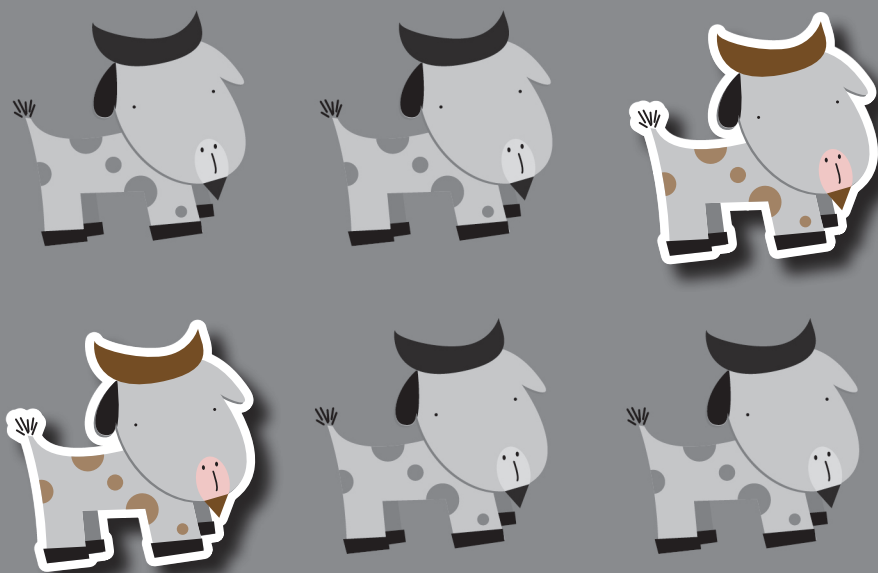

Find the missing stickers. Then draw a line to match the number to the correct number of objects.

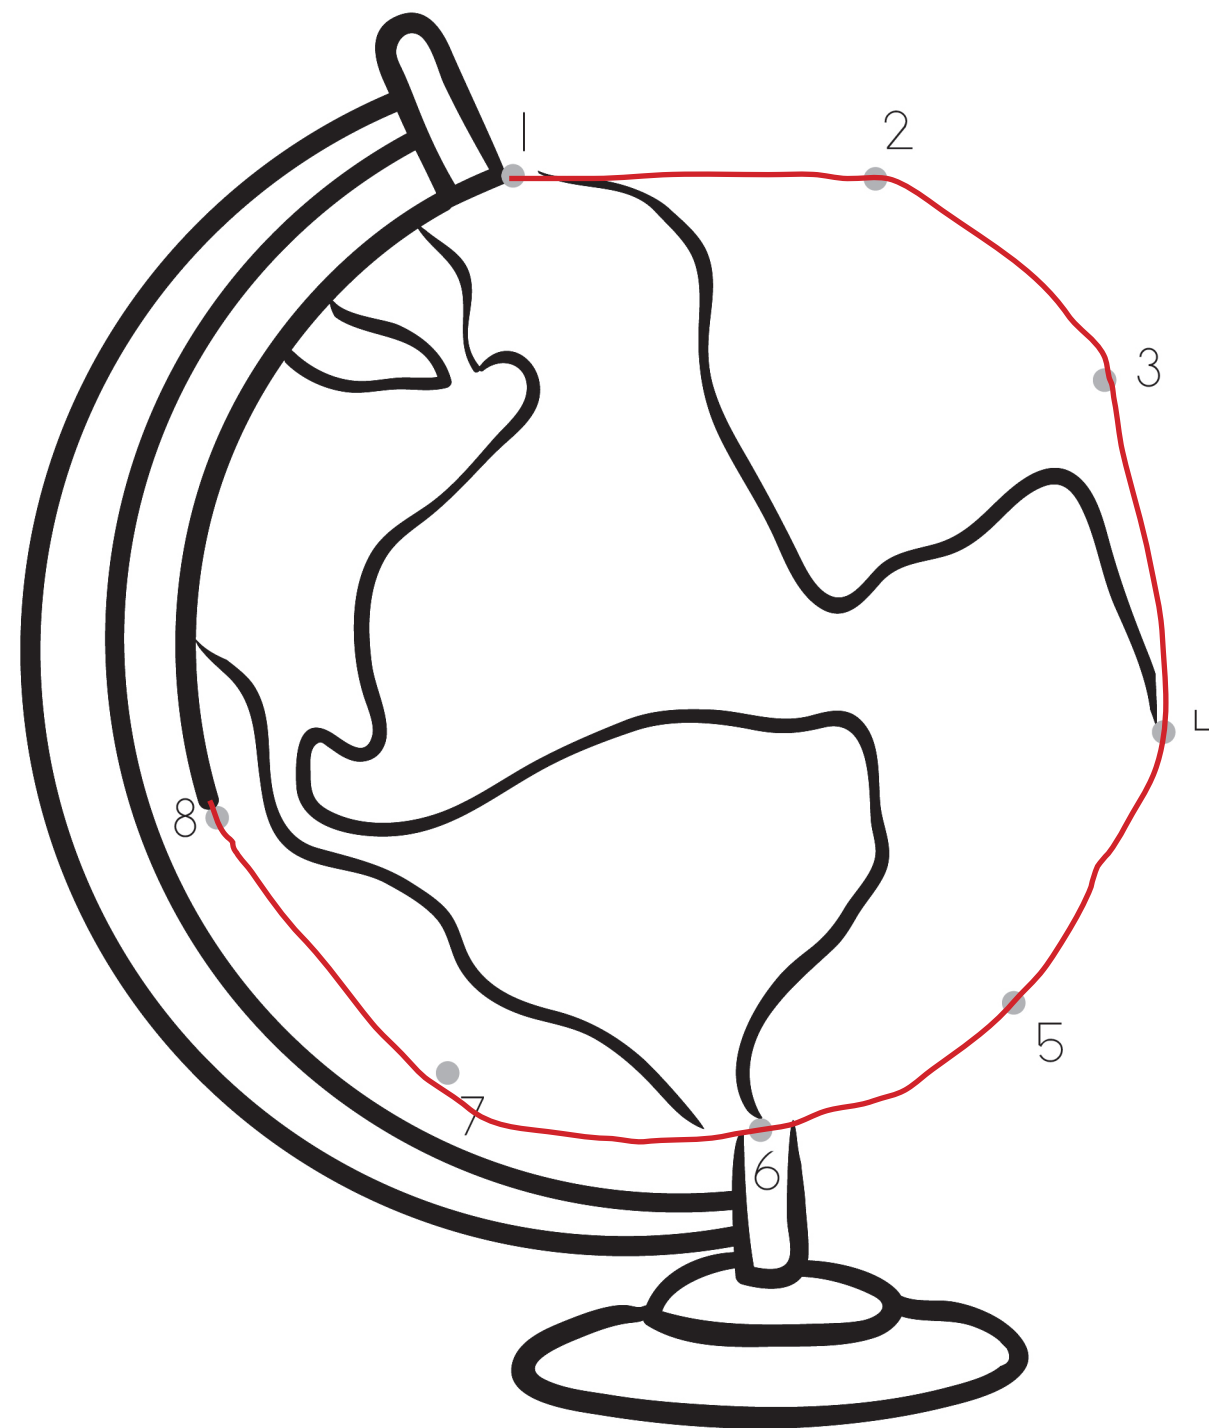

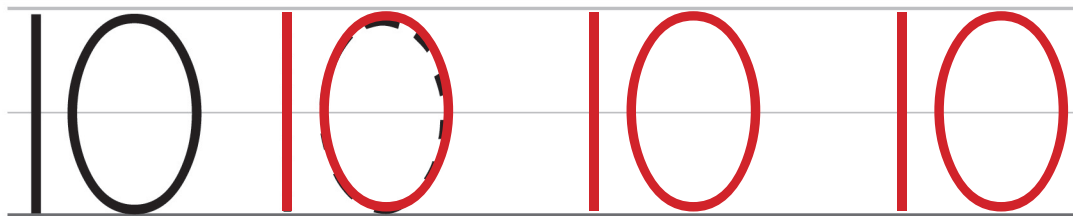

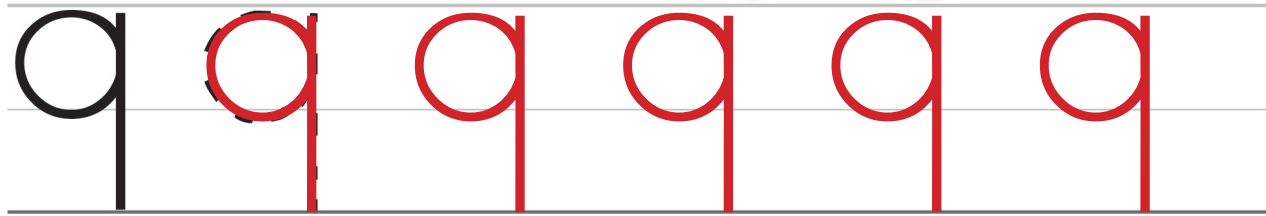

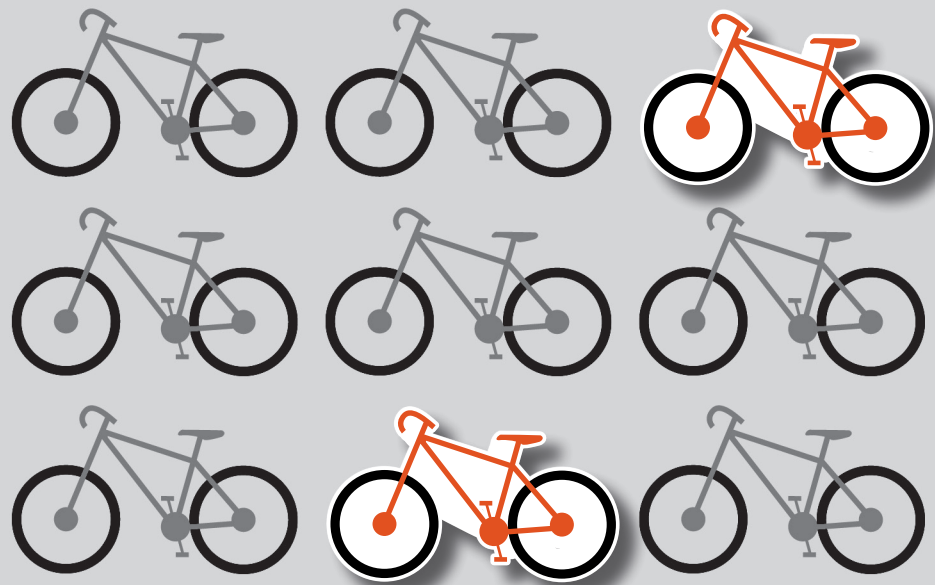

Count the objects below and find the missing stickers.

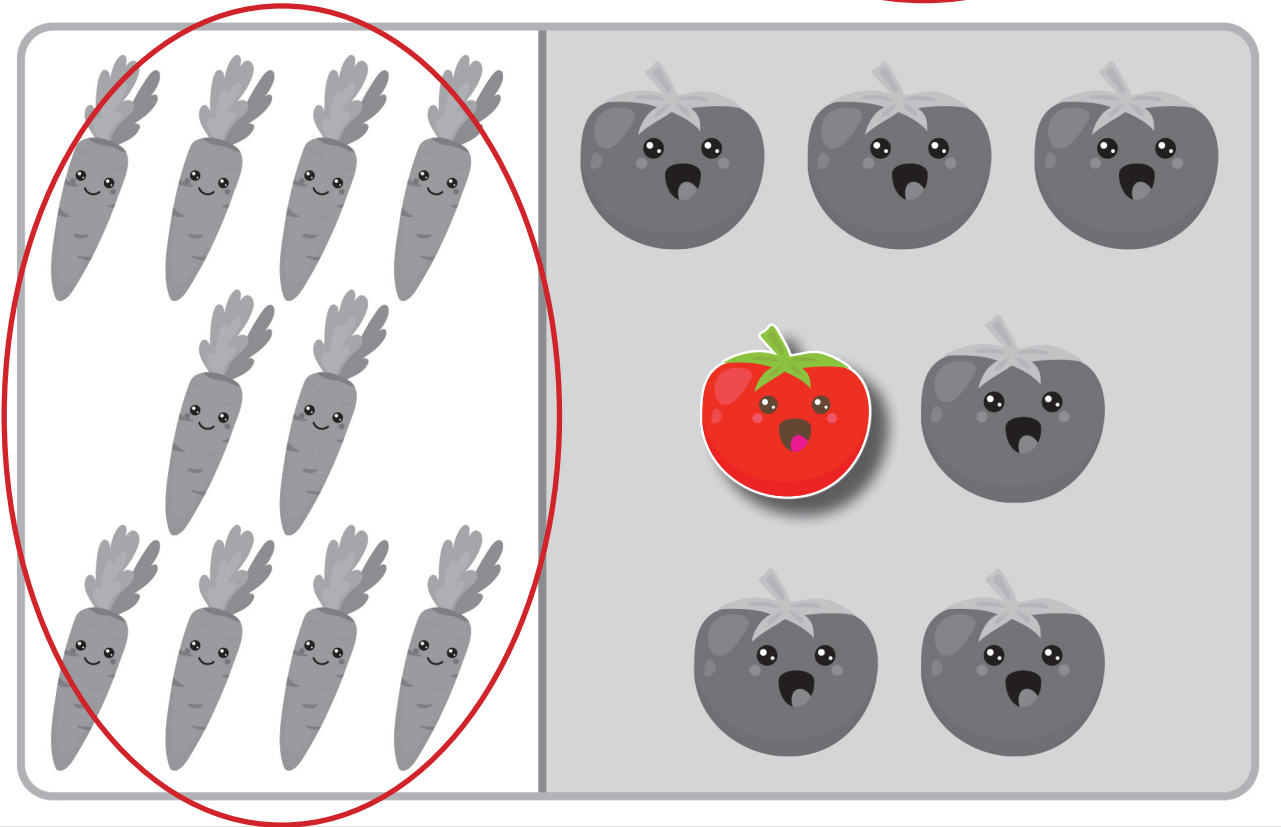

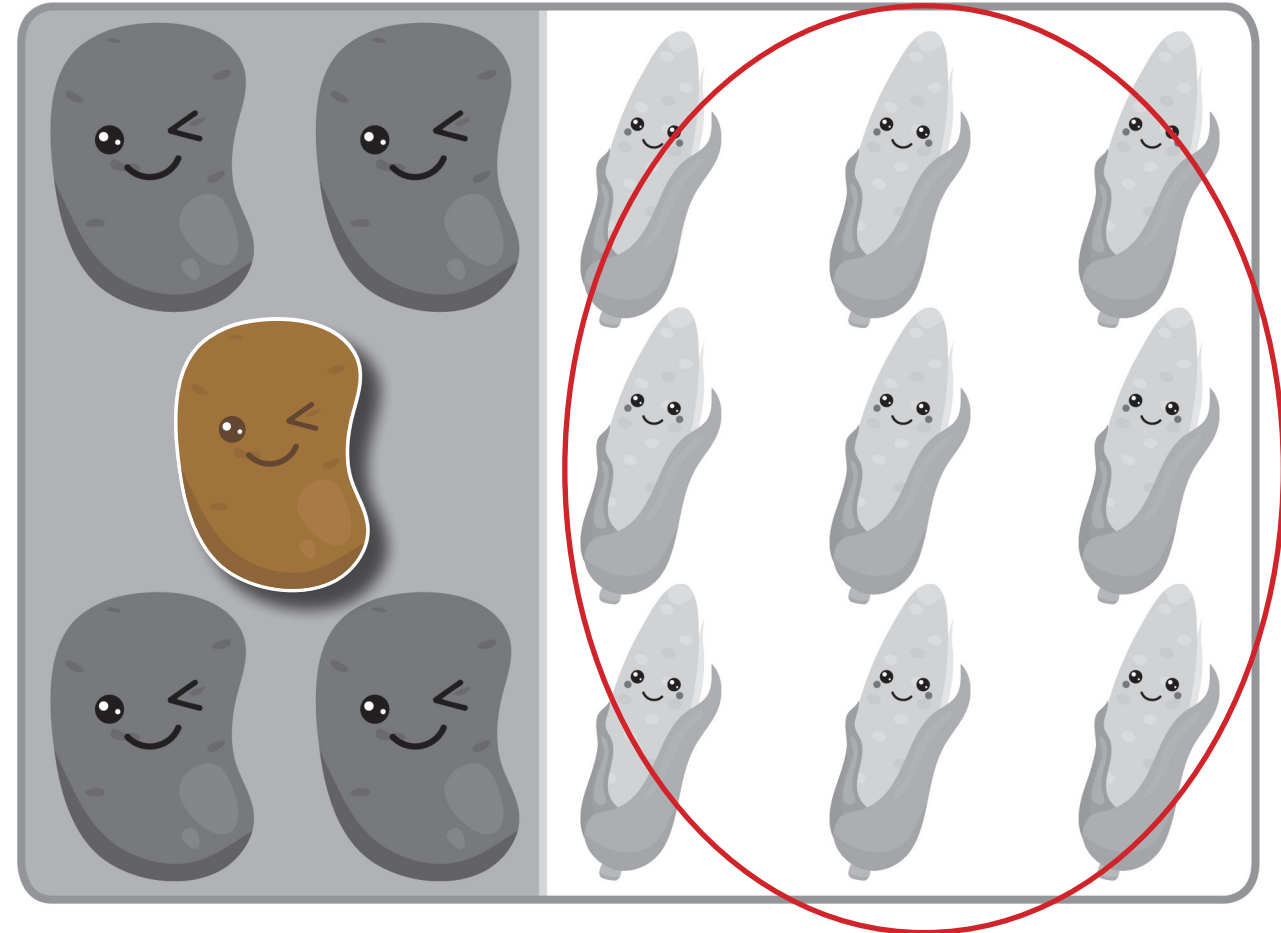

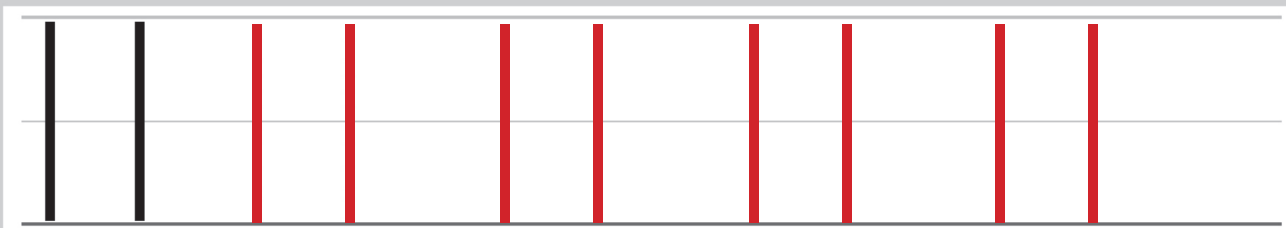

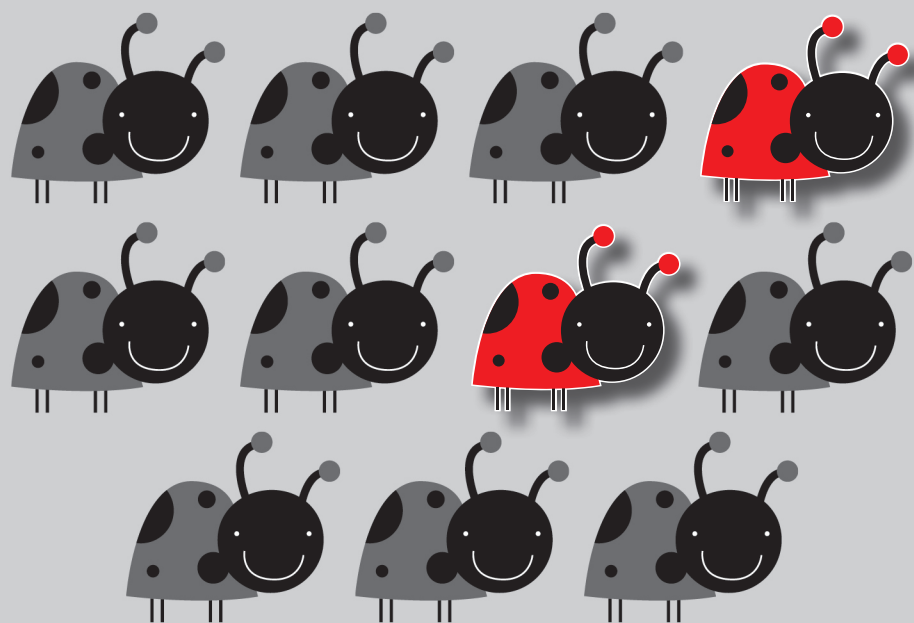

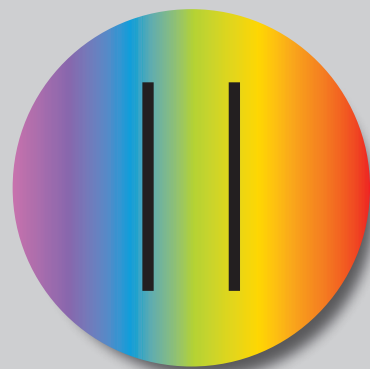

Connect the dots to complete the picture and then colour it.
