

BB VIDEOGRAPHY & PHOTOGRAPHY

Newborn Photography Session

General Information:

Studio Address: 8a/8 Victoria Ave, Castle Hill NSW 2154

Bec: 0416 562 568

- There is parking available right out front. I personally suggest not bringing in prams in as there is a flight of stairs up to the main shooting area.
- Please ring the Ring Doorbell by the front door to let me know you've arrived.
- Aim to arrive 5-10 minutes early, this is mainly to get everyone settled and comfortable ready for the session. If you are running late please let me know.
- If I am unwell up to 48 hours prior or anyone in my household is unwell 24 hours prior to your session I will contact you to reschedule. I please ask you do the same if you or anyone in your household is sick, I am always happy to reschedule to ease on the side of caution.
- The studio facilities include a kitchen area with snacks, drinks, microwave and kettle. Private bathroom off the reception area. There is a change mat with wipes in the second room upstairs for nappy changes. Please use bin in kitchen to dispose of nappies.
- If you are bottle feeding, please bring some with you for top up feeds through the session.

Photographer Request

To showcase the full experience of my photography sessions, I sometimes record parts with my phone on a gimbal set up in the shooting space. This footage is generally used to create videos to share on social media pages, my website and potentially for advertising and marketing material.

Do you give permission for session to be recorded for these purposes?

Do you give permission for me to share images from your edited gallery on social media pages, website and potentially used for advertising and marketing materials?
