# EXECUTIVE SUMMARY

---

## What we will do:

- Partner with Coastal Conservation Association and other major groups
- Restore and improve shoreline strength in Roberts Bay

## Why we will do it:

- Roberts Bay receives runoff from Philippi Creek, the largest drainage basin in our watershed
- Philippi Creek runoff can be powerful, damaging, and dirty

## Fundraising needs:

## Desired outcome:

- Improve shoreline strength in Roberts Bay
  - Improve water quality throughout Philippi Creek
  - Improve water quality in Roberts Bay
  - Establish working relationship with large conservation organizations for further projects
-
