

PROJECT PROPOSAL

Turtle Bay VOGs

Proposal Version 1.1 created 02.21.2023

Prepared by:
Oyster Boys Conservation
Skyler Windmiller, Dom Marino

EXECUTIVE SUMMARY

What we will do:

- Assemble and deliver 100 vertical oyster gardens to Turtle Bay
- Provide hands on assistance for CCA

Why we will do it:

- Expand our impact by assisting on a project in a new locale
- Prove our continued commitment to our supportive partners at CCA-Florida

What we need:

- Hands on volunteers to drill shells and string VOGs
- Shell donations
- Funds for drilling equipment and hemp rope / coconut fiber rope

Desired outcome:

- We will nearly double our count of VOGs in the water, resulting in up to twice the filtration
 - Successful collaboration with CCA and the Turtle Bay community
