

OVER 10 years
of Successful Service
to the Federal Government

Building the Future of America with Veterans

CONSTRUCTION

MAINTENANCE

MANAGEMENT

Vortex is a nationwide, full-service, construction, and maintenance federal contractor. A SBA certified Service Disabled Veteran Owned Business, Vortex provides a single source solution for construction, mechanical, electrical, plumbing and service requirements to the U.S. Government. The office team structure offers support and services in all disciplines of construction: pre-design to turn-key completion, Design/Build projects, consulting and assessments, service and preventative maintenance, Life safety with specialty experience in historic restoration and underground facility project execution. An Afghanistan Army Veteran with a formal education in Cultural Resource Management and Construction Archaeology and President of Vortex, Steven Rohrer, has worked on both sides of the federal marketplace and has a unique understanding on the needs of specific agencies and how to find solutions to the infrastructure issues of the United States.
